Pattern Of Shadows:

Pro CSS and HTML Design Patterns Michael Bowers, 2007-10-05 Pro CSS and HTML Design Patterns is a reference book and a cookbook on how to style web pages using CSS and XHTML. It contains 350 ready to use patterns. CSS and XHTML code snippets you can copy and paste into your code. Each pattern can be combined with other patterns to create an unlimited number of solutions. Each pattern works reliably in all major browsers without the need for browser hacks. The book's layout with a pattern's example on the left page and its explanation on the right makes it easy to find a pattern and study it without having to flip between pages. The book is also readable from cover to cover with topics building carefully upon previous topics. A software developer can use this book to learn CSS for the first time. A designer familiar with CSS can use this book to master CSS and XHTML. If you are completely new to coding or completely new to CSS and XHTML you may want to read an introductory book on CSS and XHTML first. You can interact with all the examples in the book at www.cssDesignPatterns.com

Money-Making Candlestick Patterns Steve Palmquist, 2012-10-16 Candlesticks are one of the most widely used technical tools in trading. Designed to provide detailed at a glance information, these charts are integrated into almost every web site and charting software solution. But despite their popularity, the definitions of these candlestick patterns are often vague and misleading. Now for the first time ever, Steve Palmquist hands you the secrets for effectively using candlestick patterns in all market conditions. Data that would take years to compile and years to interpret is now at your fingertips. Based on intensive back testing and research, Money Making Candlestick Patterns shows how to appropriately use the most popular candlestick patterns in bull, bear, and sideways trends. Built from PROVEN FACTS, not theory, you'll learn clear definitions of each selected pattern to remove guesswork and improve performance. Exactly what you need to know about back testing to increase your wins and minimize your losses. The impact of various market conditions on the most powerful patterns to remove surprises and increase profits. Keys to eliminating common testing mistakes that can prevent you from making money. The candlestick pattern that has shown triple ROI in back testing. This book rigorously tests the assumptions inherent in standard candlestick pattern definitions. Each chapter breaks down the pattern to examine how parameters such as current volume, average volume, and price level will impact results. The definitions that most often produce profitable trades are identified and outlined with complete usage.
