and its entire system of worship become obsolete because of Christ's sacrifice at Calvary as Stephen claimed. What would God do when the observance of his own food laws became a barrier to preaching the gospel to Gentiles such as Cornelius? How would the apostles decide about the rite of circumcision and its relationship to salvation? How would the gospel distinguish itself from the spiritism, idolatry, religions and philosophies of the pagan world and state positively its own answer to questions of the origin of the universe and life's ultimate goal? And how would Paul defend the gospel at the highest levels of society against every kind of misrepresentation when he found himself under the power of Roman law and order? The conclusions that the apostles and the early churches reached under the guidance of the Holy Spirit are profoundly relevant. Their defence against each new challenge confirmed the truth of the gospel for every generation of Christ's disciples. David Gooding's exposition echoes Acts' powerful unspoken exhortation to examine ourselves honestly to see whether the Christianity that we represent and the gospel that we preach and defend are uncompromisingly the same as those established by the apostles of our Lord Jesus Christ.

**Engaging Ethically in a Strange New World** Michael Bräutigam, Gillian Asquith, 2019-07-11 Christians in Australia are facing serious ethical issues. Contentious topics such as same sex marriage, the assisted dying bill, gender fluidity and attempts to censor Jesus talk in the schoolyard present serious challenges and require us to think more deeply about how we are to live in a strange new world. This volume presents papers from the 2018 Paradosis Conference at Melbourne School of Theology and brings together a number of voices to explore doctrinal foundations and their practical outworkings in the fields of biblical studies, systematic and practical theology, Islamic studies and medical ethics. Contributors examine questions of contemporary interest as they pertain to both the Christian community itself and to Christian engagement with wider society. Part 1 comprises papers examining ethics in the Old Testament, wisdom books, decision making according to an early church model, the theological history of ethics and the pastoral implications of Jonathan Edwards's reflections on beauty. Part 2 investigates the ramifications for Christian social ethics of the paradox of Jesus's stringent moral commands and his inclusive lifestyle, Islam's approach to homosexuality, virtue ethics as an alternative narrative within the assisted dying debate and the role of docility as a virtue in teaching pastoral theology and mission.

**The Nuts & Bolts of Christian Education** Delia Halverson, 2010-10-01 Can you give me the book that will tell me how to DO Christian education? The Nuts & Bolts of Christian Education is designed to answer the most frequently asked questions by new as well as veteran teachers and leaders. Even though most churches provide teacher and leader training at least once a year, generally these one or two day sessions are unable to answer every question that arises during the year. The Nuts & Bolts of Christian Education is a practical guidebook that leads new and experienced teachers through the challenging and sometimes confounding landscape of the education ministry of a congregation. This is not a collection of lesson plans; it is a chock full survey of nearly every aspect of Christian education one could imagine DOING. Christian Education starts here.

**Nothing but Love in God's Water** Robert Darden, 2016-09-02 Volume 1 of Nothing but

Love in God's Water traced the music of protest spirituals from the Civil War to the American labor movement of the 1930s and 1940s and on through the Montgomery bus boycott. This second volume continues the journey chronicling the role this music played in energizing and sustaining those most heavily involved in the civil rights movement. Robert Darden, former gospel music editor for *Billboard* magazine and the founder of the Black Gospel Music Restoration Project at Baylor University, brings this vivid vital story to life. He explains why black sacred music helped foster community within the civil rights movement and attract new adherents, shows how Martin Luther King Jr. and other leaders used music to underscore and support their message, and reveals how the songs themselves traveled and changed as the fight for freedom for African Americans continued. Darden makes an unassailable case for the importance of black sacred music not only to the civil rights era but also to present-day struggles in and beyond the United States. Taking us from the Deep South to Chicago and on to the nation's capital, Darden's grittily detailed lively telling is peppered throughout with the words of those who were there, famous and forgotten alike, activists such as Rep. John Lewis, the Reverend Ralph Abernathy, and Willie Bolden, as well as musical virtuosos such as Harry Belafonte, Duke Ellington, and The Mighty Wonders. Expertly assembled from published and unpublished writing, oral histories, and rare recordings, this is the history of the soundtrack that fueled the long march toward freedom and equality for the black community in the United States and that continues to inspire and uplift people all over the world.
