Quel Accueil Demain Pour La Petite Enfance:

Quel accueil demain pour la petite enfance ? Sylvie Rayna, 2007 Le monde de la petite enfance a connu de grands changements ces dernières années. Les professionnels et les différentes institutions concernées (ministères, CNAF, conseils généraux, associations nationales) ont dû faire face aux nouvelles problématiques générées par l'évolution de notre mode de vie, mutations familiales, flexibilité du temps de travail des parents, modifications des contextes urbains et ruraux, nouveaux regards portés sur les enfants, modification des statuts des accueillants, etc. Présentant les grandes lignes des nouvelles orientations de la politique petite enfance, l'ouvrage dresse un état des lieux des besoins des familles contemporaines dans les grandes villes comme dans les campagnes, de l'évolution de l'accueil familial et de l'accueil collectif, travers de nombreux dispositifs innovants avec une attention particulière au multi-accueil, l'accueil en urgence, l'accueil de la différence. Il est question de conciliation de la vie familiale et de la vie professionnelle, de l'accueil des tout-petits en relation avec le développement local et l'insertion sociale des parents, de prise en compte de la diversité de coéducation, de professionnalisation. Une fenêtre est ouverte sur des innovations italiennes et françaises en termes de services et de référentiels qui mettent en valeur les compétences des jeunes enfants, des parents et des professionnels, ainsi que sur des perspectives européennes et internationales plus larges. Croisant politiques et pratiques, cet ouvrage traite avec rigueur et profondeur de réalités complexes et offre dans un langage accessible tous du décideur, l'acteur de terrain, au formateur ou l'étudiant un ensemble d'informations nouvelles, d'expériences variées et de dispositifs originaux ouvrant pour l'avenir davantage de qualité et d'efficacité dans l'accueil des jeunes enfants.
