Hezekiah in History and Tradition Robb Andrew Young, 2012-05-03 The Judean monarch Hezekiah remains one of the most significant figures in biblical studies For all of his greatness however there is little about him that may be stated with certainty This study provides a detailed reexamination of this enterprising ruler It commences with data outside the biblical text from Assyrian records and ancient Near Eastern archaeology which may be brought to bear in reconstructing the historical Hezekiah and subsequently proceeds to augment this picture based on his portrayal in the books of Kings First Isaiah and Chronicles Its focus is on those issues that either remain contentious in biblical scholarship or else have been resolved into a general consensus that needs to be called into question *Probing the Mind to Free the Soul* Stephen G. Fowler, 2017-05-25 Christian theology presents an overly simplistic portrayal of the mind and nature of man his needs his longings his beliefs and his aspirations for God A psychoanalytic protest theology aims at bringing psychoanalytic complexity regarding the mind to theology Organized Christianity has failed to account for how the unconscious influences interpretations of Scripture and also how application of Scripture to lived life can be damaging if complex unconscious factors are not considered in theology This book attempts to employ psychoanalytic insights in the exploration of critically important themes addressed by theology Among them morality and conscience autonomy and destiny and relationship and sexuality including the sexuality of God suffering and law along with its correlation with death This is intended to serve an integrative constructive purpose Both classical psychoanalysis and Christian Scriptures conceptualize sexuality in its large sense as residing at the core of the mind of mankind Christianity has tended to cope with sexuality by adopting a notion of attainable sexual purity a myth that this work seeks to expose and dismantle with a view to enabling the church to more effectively and compassionately engage with real people whose sexuality is characteristically complicated and troublesome
