How I Trade For A Living...And Now So Can You , Compound Yield Robert K. Naguszewski MD,2012-12-07 Complacent money will be taken by traders Traditional 401Ks are hopelessly handicapped in providing for your retirement You must act on your own behalf By focusing on yield and then compounding it the Compound Yield formula produces measurably increasing income that can be either reinvested for those not yet retired or drawn upon by those already retired The formula is easy to

learn and execute consistently for dramatic results The odds enhancer leads to a geometric change for the portfolio beyond compound interest alone It takes things easily to the next level Simple mathematical computations allow the user to progressively increase income regardless of portfolio value Objectives can be calculated and met over and over again monthly Results should become easier to meet over time as the portfolio is placed on an exponential trajectory The best of investing for high yield is magnified by safe trading there are no losing trades because the outcome is known before a trade is considered You can see the plan unfold for you The volatility of your portfolio actually decreases as a consequence of safe trading followed by reinvesting according to specific simple if not obvious rules Marked risk management follows as a natural consequence of just following the plan What to do in any market direction becomes obvious The Compound Yield strategy magnifies income regardless of the direction of individual holdings in your portfolio How to choose what holdings are worthwhile is explained Choices are wide open The formula can be used collaboratively with almost any other strategy The choice is yours Being active in your retirement account is important and is made rational and fairly simple by this process Can you afford another lost decade

Beat the Forex Dealer Agustin Silvani, 2009-08-07 The foreign exchange market is often referred to as the Slaughterhouse where novice traders go to get chopped up It is one of egos and money where millions of dollars are won and lost every day and phones are routinely thrown across hectic trading desks This palpable excitement has led to the explosion of the retail FX market which has unfortunately spawned a new breed of authors and gurus more than happy to provide misleading and often downright fraudulent information by promising traders riches while making forex trading easy Well I'll let you in on a little secret there is nothing easy about trading currencies If you don't believe me then stop by Warren Buffet's office and ask him how he could lose 850m betting on the dollar or ask George Soros why his short yen bets cost him 600m not once but twice in 1994 What's wrong with these guys don't they read FX books In reality the average client's trading approach combined with the unscrupulous practices of some brokers make spot FX trading more akin to the games found on the Vegas strip than to anything seen on Wall St The FX market is littered with the remains of day traders and genius systems and to survive in the long run traders have to realize that they are playing a game where the cards are clearly stacked against them Have you ever had your stop hit at a price that turned out to be the low high for the day Bad luck perhaps Maybe What if it happens more than once Do you ever feel like the market is out to get you Well guess what in this Zero Sum game it absolutely is

Covering the day to day mechanics of the FX market and the unsavoury dealings going on Beat the Forex Dealer offers traders the market proven trading techniques needed to side step dealer traps and develop winning trading methods Learn from an industry insider the truth behind dirty dealer practices including stop hunting price shading trading against clients and no dealing desk realities Detailing the dealer inspired trading techniques developed by MIGFX Inc consistently ranked among the world s leading currency trading firms the book helps turn average traders into winning traders and in a market with a 90% loss rate winning traders are in fact quite rare More than just a simple manual Beat the Forex Dealer brings to life the excitement of the FX market by delivering insights into some of the greatest trading triumphs and highlighting legendary disasters all written in an easy to read style Make no mistake about it there is a lot of money to be made in currency trading you just have to know where to look Sidestepping simple dealer traps is one way of improving your daily p l but it is surely not the only one Successful trading comes down to taking care of the details which means skipping the theoretical stuff and providing only up to date real life examples while sharing the FX trading tips that have proved so profitable over the years By stripping away the theory and getting down to the core of trading you too will find yourself on the way to beating the forex dealer

Winners Never Lose Mike Upton,2008-03-12 WINNERS NEVER LOSE is the second book about Mark Watson who once again is ruthlessly wheeling and dealing but this time in the Oil and Pharmaceutical Industries Still married to Abi although now with a secret son conceived with his mistress Samantha he cheats on both women as he embarks on various affairs whilst callously pursuing his business career The novel follows his progression through the Oil Industry before he is head hunted into the complex world of Pharmaceuticals where he employs his usual unforgiving management style to transform a moribund international company into a world class Multi National by aggressively acquiring many of his competitors As the story moves between England America Europe India and finally Australia Mark Watson uses all of his hard nosed uncompromising approach to people and business to achieve the goals and aims he sets for himself

The Mental Game of Trading Jared Tendler,2021-04-09 A step by step system for mastering trading psychology Think about your most costly and recurring trading mistakes Chances are that they re related to common errors such as chasing price cutting winners short forcing mediocre trades and overtrading You ve likely tried to fix these errors by improving your technical skills and yet they persist That s because the real source of these mistakes is not technical they actually stem from greed fear anger or problems with confidence and discipline If you are like most traders you probably overlook or misunderstand mental and emotional obstacles Or worse you might think you know how to manage them but you don t and end up losing control at the worst possible time You re leaving too much money on the table which will either prevent you from being profitable or realizing your potential While many trading psychology books offer sound advice they don t show you how to do the necessary work That s why you haven t solved the problems hurting your performance With straight talk and practical solutions Jared Tendler brings a new voice to trading psychology In *The Mental*

Game of Trading he busts myths about emotions greed and discipline and shows you how to look past the obvious to identify the real reasons you're struggling This book is different from anything else on the market You'll get a step by step system for discovering the cause of your problems and eliminating them once and for all And through real stories of traders from around the world who have successfully used Tendler's system you'll learn how to tackle your problems improve your day to day performance and increase your profits Whether you're an independent or institutional trader and regardless of whether you trade equities forex or cryptocurrencies you can use this system to improve your decision making and execution Finally you have a way to reach your potential as a trader Now's the time to make it happen

The Plot to Seize Russia Martin Armstrong, 2023-06-23 Take care of Russia Boris Yeltsin said as he departed his presidency in August 1999 These words were directed at current Russian president Vladimir Putin Yeltsin specifically picked Putin as his predecessor to prevent the takeover of Russia So who was Yeltsin warning against Newly declassified documents from the Clinton Administration prove that there was a plot to rig the Russian election of 2000 These never before seen documents confirm numerous attempts to implement pro Western policies using the Russian oligarchy headed by Boris Berezovsky On the other side were the communists who desired a return to the glory days of the Soviet Union As one of the largest international hedge fund managers author Martin Armstrong found himself in the middle of perhaps the greatest espionage or attempt at a regime change for Russia in modern history The Plot to Seize Russia pulls back the curtain to expose the most extraordinary attempt to seize power in modern history but with the pen rather than armies These declassified documents reveal a plot that has altered our thinking about the relations between the United States and Russia The thirst for power comes seething through every line of these papers that alter our perception of reality change the course of history and now threaten us with World War III

Reminiscences of a Stock Operator Edwin Lefèvre, Jon D. Markman, 2009-12-21 With new commentary and Insights on the life and times of Jesse Livermore Reminiscences of a Stock Operator is the fictionalized biography of perhaps the most famous financial speculator of all time Jesse Livermore This annotated edition bridges the gap between Edwin Lefevre's fictionalized account of Livermore's life and the actual historical events places and people that populate the book It also describes the variety of trading approaches Livermore used throughout his life and analyzes his psychological development as a trader and the lessons gained through hard experiences Analyzes legendary trader Jesse Livermore's strategies and explains how they can be used in today's markets Provides factual details regarding the actual companies Livermore traded in and the people who helped hindered him along the way Explains the structure and mechanics of the Livermore era markets including the bucket shops and the commodity exchanges Includes more than 100 pages of new material Reminiscences of a Stock Operator has endured over 70 years because traders and investors continue to find lessons from Livermore's experiences that they can apply to their own trading This annotated edition will continue the trend
