Camaro Mike Mueller, 2017-01-02 Camaro Fifty Years of Chevy Performance chronicles the first fifty years of Chevrolet's iconic Camaro through fascinating photography history and commentary about this legendary pony car. The early 1960s saw American auto manufacturers desperately trying to sell cars to the emerging baby boom market. Chevrolet attained some success with its sporty Corvair Monza. Ford responded first with a sportier Falcon, then with its grand slam home run pony car, the Mustang. At first, Chevrolet hesitated to abandon the technologically advanced Corvair, but when it finally entered the pony car market in 1967, its new Camaro instantly became one of the most iconic cars of the classic muscle car era. When muscle cars went dormant for a generation, it was once again the classic pony cars that jump-started American performance. The battle that raged between Camaro and Mustang in the 1980s rejuvenated the US auto industry's interest in high performance muscle cars. The Camaro lost its way in the 1990s with Chevrolet pursuing technological advances and Ford pursuing classic American muscle. As was the case in the 1960s, Ford's muscular pony car trounced Chevrolet's technologically advanced sporty car in the race that mattered most: showroom sales. The Mustang thrived while the Camaro left the scene. Fortunately, that departure was only temporary. Chevrolet introduced a twenty-first century Camaro in 2010, and it has become one of Chevrolet's most popular models. With stunning photography from author Mike Mueller and never before seen archival photography from partner General Motors, Camaro Fifty Years of Chevy Performance chronicles the Camaro's rich history from the early attempts to reach the youth market in the 1960s through the potent and turbulent years of the classic muscle car era, the resurgence of muscle in the 1980s, the sad decline of the 1990s, and the triumphant rebirth of the new car in this new millennium.

The Complete Book of Classic Chevrolet Muscle Cars Mike

Mueller, 2017-05-12 The Complete Book of Classic Chevy Muscle Cars covers the primary muscle and performance cars produced by Chevrolet in the 60s and 70s, such as the Camaro and Malibu.

Trailblazer Chuck McFadden, 2013-05-06 In this first biography of Edmund Gerald Brown Jr. in more than thirty years, Chuck McFadden explores the unique persona of one of the most idiosyncratic politicians in California history. Son of California political royalty who forged his own political style against the tumultuous backdrop of a huge balkanized state and shoved to and fro by complex currents, Jerry Brown plumbed his visionary impulses as well as his grandiose ambitions. McFadden traces Brown's childhood in San Francisco, his time studying for the priesthood, his unusual political career, and his romances, including a long-term relationship with singer Linda Ronstadt. He describes Brown's first two terms as governor, advocating for farm workers, women, and minorities; his time roaming the world in a spiritual quest; and his return to the gritty world of politics as chairman of the California Democratic Party and then mayor of Oakland. Political experts weigh in with thoughts about the remarkable 2010 campaign that saw the 72-year-old Brown winning his third term in office while being vastly outspent by Republican Meg Whitman. Concise, insightful, and enlivened by the events and personalities that colored the history of California, Trailblazer provides an intimate
