Thank You, Comrade Stalin! Jeffrey Brooks, 2021-04-13 Thank you our Stalin for a happy childhood Thank you dear Marshal Stalin for our freedom for our children's happiness for life Between the Russian Revolution and the Cold War Soviet public culture was so dominated by the power of the state that slogans like these appeared routinely in newspapers on posters and in government proclamations In this penetrating historical study Jeffrey Brooks draws on years of research into the most influential and widely circulated Russian newspapers including Pravda Izvestiia and the army paper Red Star to explain the origins the nature and the effects of this unrelenting idealization of the state the Communist Party and the leader Brooks shows how beginning with Lenin the Communists established a state monopoly of the media that absorbed literature art and science into a stylized and ritualistic public culture a form of political performance that became its own reality and excluded other forms of public reflection He presents and explains scores of self-congratulatory newspaper articles including tales of Stalin's supposed achievements and virtue accounts of the country's allegedly dynamic economy and warnings about the decadence and cruelty of the capitalist West Brooks pays particular attention to the role of the press in the reconstruction of the Soviet cultural system to meet the Nazi threat during World War II and in the transformation of national identity from its early revolutionary internationalism to the ideology of the Cold War He concludes that the country's one-sided public discourse and the pervasive idea that citizens owed the leader gratitude for the gifts of goods and services led ultimately to the inability of late Soviet Communism to diagnose its own ills prepare alternative policies and adjust to new realities The first historical work to explore the close relationship between language and the implementation of the Stalinist Leninist program Thank You Comrade Stalin is a compelling account of Soviet public culture as reflected through the country's press
