Perlesvaus, 1898 **A History of Arthurian Scholarship** Norris J. Lacy, 2006 A survey of critical attention devoted to Arthurian matters This book offers the first comprehensive and analytical account of the development of Arthurian scholarship from the eighteenth century or earlier to the present day The chapters each written by an expert in the area under discussion present scholarly trends and evaluate major contributions to the study of the numerous different strands which make up the Arthurian material origins Grail studies editing and translation of Arthurian texts medieval and modern literatures in English and European languages art and film The result is an indispensable resource for students and a valuable guide for anyone with a serious interest in the Arthurian legend Contributors NORRIS LACY TONY HUNT KEITH BUSBY JANE TAYLOR CHRISTOPHER SNYDER RICHARD BARBER SIAN ECHARD GERALD MORGAN ALBRECHT CLASSEN ROGER DALRYMPLE BART BESAMUSCA MARIANNE E KALINKE BARBARA MILLER CHRISTOPHER KLEINHENZ MURIEL WHITAKER JEANNE FOX FRIEDMAN DANIEL NASTALI KEVIN J HARTY NORRIS J LACY is Edwin Erle Sparks Professor of French and Medieval Studies at Pennsylvania State University **The Art of Medieval French Romance** Douglas Kelly, 1992-04-01 Douglas Kelly provides a comprehensive and historically valid analysis of the art of medieval French romance as the romancers themselves describe it He focuses on well known writers such as Chr tien de Troyes and Marie de France and also draws on a wide range of other sources prose romances non Arthurian romances thirteenth century verse romances and variant versions from the later Middle Ages Kelly is the first scholar to present the art of medieval romance to a modern audience through the interventions and comments of medieval writers themselves The book begins by examining the difficulties scholars perceive in medieval literature problems such as source and intertextuality structure in its manifold modern meanings and character psychology and individuality These issues frame Kelly s identification and discussion of all the known authorial interventions on the art and craft of romance Kelly s careful reconstruction of the art of romance based on the records left by the romancers themselves will be an invaluable resource and guide for all medievalists **History, Fiction, Verisimilitude** Mark Chinca, 1993 This study of Gottfried von Strassburg discusses the narrative technique of his romance *Tristan* c 1210 against the double background of Latin rhetoric and poetics on the one hand and the developing written vernacular tradition on the other It argues that Gottfried s poetics represents the attempt to mediate between opposing tendencies in vernacular narrative the one historiographic and archival the other fictional and experimental Verisimilitude the *res ficta quae tamen fieri potest* occupies an intermediate position between the *res factae* of history and the *res fictae* of poetry it is on this middle ground that Gottfried situates his narrative

Courtly Love, the Love of Courtliness, and the History of Sexuality James A. Schultz, 2006-08-15 One of the great achievements of the Middle Ages Europe's courtly culture gave the world the tournament the festival the knighting ceremony and also courtly love But courtly love has strangely been ignored by historians of sexuality With *Courtly Love the Love of Courtliness and the History of Sexuality* James Schultz corrects this oversight with careful analysis of key courtly texts of the medieval German literary tradition Courtly love Schultz finds was provoked not by the biological and intrinsic factors that play such a large role in our contemporary thinking about sexuality sex difference or desire but by extrinsic signs of class bodies that were visibly noble and behaviors that represented exemplary courtliness Individuals became subjects of courtly love only to the extent that their love took the shape of certain courtly roles such as singer lady or knight They hoped not only for physical union but also for the social distinction that comes from realizing these roles to perfection To an extraordinary extent courtly love represented the love of courtliness the eroticization of noble status and the courtly culture that celebrated noble power and refinement

Histoire littéraire de la France, 1856 **Journal of Medieval Military History** Clifford J. Rogers, Kelly DeVries, John France, 2010-11-18 A collection which highlights the range and richness of scholarship on medieval warfare military institutions and cultures of conflict that characterize the field History 95 2010 The journal's hallmark of a broad chronological geographic and thematic coverage of the subject is underlined in this volume It begins with an examination of the brief but fascinating career of an armed league of mostly commoners who fought to suppress mercenary bands and to impose a reign of peace in southern France in 1182-1184 This is followed by a thorough re-examination of Matilda of Tuscany's defeat of Henry IV in 1090-97 Two pieces on Hispanic topics a substantial analysis of the remarkable military career of Jaime I the Conqueror of Aragon 1208-1276 and a case study of the campaigns of a single Spanish king Enrique II of Castile 1366-79 contributing to the active debate over the role of open battle in medieval strategy come next Shorter essays deal with the size of the Mongol armies that threatened Europe in the mid-thirteenth century and with a surprising literary description dating to 1210-1220 of a knight employing the advanced surgical technique of thoracentesis Further contributions correct the common misunderstanding of the nature of deeds of arms out-rance in the fifteenth century and dissect the relevance of the infantry revolution and artillery revolution to the French successes at the end of the Hundred Years War The final note explores what etymology can reveal about the origins of the trebuchet Clifford Rogers is Professor of History West Point Military Academy Kelly DeVries is Professor of History Loyola College Maryland John France is

the extinct Cornish tongue has only contributed one tale In making my selection I have chiefly tried to make the stories characteristic It would have been easy especially from Kennedy to have made up a volume entirely filled with Grimm's Goblins la Celtique But one can have too much even of that very good thing and I have therefore avoided as far as possible the more familiar formulae of folk tale literature To do this I had to withdraw from the English speaking Pale both in Scotland and Ireland and I laid down the rule to include only tales that have been taken down from Celtic peasants ignorant of English Having laid down the rule I immediately proceeded to break it The success of a fairy book I am convinced depends on the due admixture of the comic and the romantic Grimm and Asbjørnsen knew this secret and they alone But the Celtic peasant who speaks Gaelic takes the pleasure of telling tales somewhat sadly so far as he has been printed and translated I found him to my surprise conspicuously lacking in humour For the comic relief of this volume I have therefore had to turn mainly to the Irish peasant of the Pale and what richer source could I draw from For the more romantic tales I have depended on the Gaelic and as I know about as much of Gaelic as an Irish Nationalist M P I have had to depend on translators But I have felt myself more at liberty than the translators themselves who have generally been over literal in changing excising or modifying the original I have even gone further In order that the tales should be characteristically Celtic I have paid more particular attention to tales that are to be found on both sides of the North Channel In re-telling them I have had no scruple in interpolating now and then a Scotch incident into an Irish variant of the same story or vice versa Where the translators appealed to English folklorists and scholars I am trying to attract English children They translated I endeavoured to transfer In short I have tried to put myself into the position of an ollamh or sheenachie familiar with both forms of Gaelic and anxious to put his stories in the best way to attract English children I trust I shall be forgiven by Celtic scholars for the changes I have had to make to effect this end The stories collected in this volume are longer and more detailed than the English ones I brought together last Christmas The romantic ones are certainly more romantic and the comic ones perhaps more comic though there may be room for a difference of opinion on this latter point This superiority of the Celtic folk tales is due as much to the conditions under which they have been collected as to any innate superiority of the folk imagination The folk tale in England is in the last stages of exhaustion The Celtic folk tales have been collected while the practice of story telling is still in full vigour though there are every signs that its term of life is already numbered The more the reason why they should be collected and put on record while there is yet time On the whole the industry of the collectors of Celtic folk lore is to be commended as may be seen from the survey of it I have prefixed to the Notes and References at the end of the volume Among these I would call attention to the study of the legend of Beth Gellert the origin of which I believe I have settled While I have endeavoured to render the language of the tales simple and free from bookish artifice I have not felt at liberty to retell the tales in the English way I have not scrupled to retain a Celtic turn of speech and here and there a Celtic word which I have not explained within brackets a practice to be abhorred of all good men A few words unknown to the reader only add

effectiveness and local colour to a narrative as Mr Kipling well knows One characteristic of the Celtic folk lore I have endeavoured to represent in my selection because it is nearly unique at the present day in Europe Nowhere else is there so large and consistent a body of oral tradition about the national and mythical heroes as amongst the Gaels Only the byline or hero songs of Russia equal in extent the amount of knowledge about the heroes of the past that still exists among the Gaelic speaking peasantry of Scotland and Ireland And the Irish tales and ballads have this peculiarity that some of them have been extant and can be traced for well nigh a thousand years I have selected as a specimen of this class the Story of Deirdre collected among the Scotch peasantry a few years ago into which I have been able to insert a passage taken from an Irish vellum of the twelfth century I could have more than filled this volume with similar oral traditions about Finn the Fingal of Macpherson s Ossian But the story of Finn as told by the Gaelic peasantry of to day deserves a volume by itself while the adventures of the Ultonian hero Cuchulain could easily fill another I have endeavoured to include in this volume the best and most typical stories told by the chief masters of the Celtic folk tale Campbell Kennedy Hyde and Curtin and to these I have added the best tales scattered elsewhere By this means I hope I have put together a volume containing both the best and the best known folk tales of the Celts I have only been enabled to do this by the courtesy of those who owned the copyright of these stories Lady Wilde has kindly granted me the use of her effective version of The Horned Women and I have specially to thank Messrs Macmillan for right to use Kennedy s Legendary Fictions and Messrs Sampson Low Co for the use of Mr Curtin s Tales In making my selection and in all doubtful points of treatment I have had resource to the wide knowledge of my friend Mr Alfred Nutt in all branches of Celtic folk lore If this volume does anything to represent to English children the vision and colour the magic and charm of the Celtic folk imagination this is due in large measure to the care with which Mr Nutt has watched its inception and progress With him by my side I could venture into regions where the non Celt wanders at his own risk
