Climate Change, Extreme Events and Disaster Risk Reduction Suraj Mal, R.B. Singh, Christian Huggel, 2017-12-05 This book discusses the science causes impacts and risk reduction strategies for climate change and disasters. It focuses on the use of traditional knowledge, new innovation and education to build a culture of safety and resilience at all levels in order to promote sustainable development goals in general and disaster risk reduction in particular. The global climate has changed substantially over the last century. There is strong evidence of global climate change in the form of increase in air and sea surface temperature, recession of glaciers, changes and shifting of climate regimes, increasing number of extreme events and sea levels changes. The increasing frequency of climate change induced disasters in particular is posing a threat to resilience, lives and livelihoods at global, regional and local levels. Major ecosystems of the world have experienced several climate induced disaster events in recent past. This book provides new insights into the occurrence and impacts of climatic extremes and strategies for disaster risk reduction. It includes studies on rainfall and temperature trends, floods and drought disasters, weather and climatic related disasters in mountains, changes in plant activities, risk assessment and responses in different ecosystems of the world. The book is particularly useful for environmental and disaster managers, researchers and graduate students as well as policy makers.

Achieving a nutrition revolution for Africa Hendriks, Sheryl L., 2016-10-17 Focusing the 2015 Annual Trends and Outlook Report (ATOR) on nutrition will contribute to a broader understanding of the critical role of nutrition in achieving international, continental and national economic growth targets through agriculture, food security and nutrition. This report presents information and analysis in support of evidence based policy making that should inform the second generation of CAADP national investment plans now being developed. This is an important moment for shaping the region's future and ensuring that the much needed agriculture led growth and development agenda can simultaneously deliver on improving nutrition, saving lives, improving

productivity and health and curbing nutrition related diseases and the associated public health expenditures These investment plans should address not only the usual elements of undernutrition but also widespread micronutrient deficiencies termed hidden hunger and the growing problem of overweight and obesity that is associated with economic growth

Boosting growth to end hunger by 2025: The role of social protection Wouterse, Fleur Stephanie, Taffesse, Alemayehu Seyoum, 2018-10-23 Social protection programs public or private initiatives that aid the poor and protect the vulnerable against livelihood risks can effectively be used to assist those trapped or at the risk of being trapped in chronic poverty These programs aim to address chronic poverty through redistribution and protect vulnerable households from falling below the poverty line Although investments in social protection programs are often motivated by equity concerns they can also contribute to economic growth by for example encouraging savings creating community assets and addressing market imperfections Despite their potential and proliferation not enough is known about social protection programs in Africa The 2017 2018 Annual Trends and Outlook Report ATOR reduces this knowledge gap by focusing on the potential of such programs on the continent and the corresponding opportunities and challenges The chapters of the Report highlight the benefits of these programs not only to their direct recipients but also others in the community through spillover effects They also underscore the importance of appropriate design and sustainability to fully realize the potential of social protection programs

A thriving agricultural sector in a changing climate De Pinto, Alessandro, Ulimwengu, John M., 2017-10-25 Given its heavy reliance on rainfed agriculture and projected climatic and weather changes SSA faces multidimensional challenges in ensuring food and nutrition security as well as preserving its ecosystems In this regard climate smart agriculture CSA can play an important role in addressing the interlinked challenges of food security and climate change CSA practices aim to achieve three closely related objectives sustainably increase agricultural productivity adapt to climate change and mitigate greenhouse gas GHG emissions The CSA objectives directly contribute to achieving the 2014 Malabo Declaration goals which include commitments to 1 end hunger in Africa by 2025 2 halve poverty by 2025 through inclusive agricultural growth and transformation and 3 enhance the resilience of livelihoods and production systems to climate variability and other related

risks These linkages underscore the importance of including CSA in country and regional plans to achieve overarching development objectives in Africa in particular food security and poverty reduction The 2016 Annual Trends and Outlook Report ATOR examines the contribution of CSA to meeting Malabo Declaration goals by taking stock of current knowledge on the effects of climate change reviewing existing evidence of the effectiveness of various CSA strategies and discussing examples of CSA based practices and tools for developing evidence based policies and programs *DFID's contribution to the Global Fund to Fight AIDS, Tuberculosis and Malaria* Great Britain: Parliament: House of Commons: International Development Committee, 2012-05-22 The Global Fund to Fight AIDS Tuberculosis and Malaria was created in 2001 to increase funding to tackle three of the world's most devastating diseases It has approved 14.1 billion for programmes in 150 countries provided AIDS treatment for 3.3 million people anti tuberculosis treatment for 8.6 million people and 230 million insecticide treated nets for the prevention of malaria The UK is the Global Fund's third highest donor and Ministers had committed over a year ago to increase funds to it but this money has not yet been delivered nor the amount of the increase confirmed The Committee is concerned by the delay in delivering funds and is calling for the UK to increase its contribution to the Global Fund significantly over and above the current 384m pledge for 2012 to 2015 subject to reform The Committee says that the G20 meeting in Mexico provides a good opportunity for the UK to announce new funds but only if conditions are met and UK taxpayers money is adequately safeguarded The Global Fund has had a difficult year with financial problems corruption scandals and the resignation of its director Confidence in the Fund was affected with some countries temporarily suspending payments and the Global Fund had to cancel a round of grants totalling some 930m However the MPs say that the Global Fund has made good progress under its new management to reform the organisation's structures and financial risk monitoring In May 2012 the Global Fund announced some 630 million in new funds *SADC Gender Protocol 2015 Barometer* Morna, Colleen Lowe, Dube, Sifiso, 2016-02-22 In August 2008 Heads of State of the Southern African Development Community adopted the ground breaking SADC Protocol on Gender and Development This followed a concerted campaign by NGOs under the umbrella of the Southern Africa Gender Protocol Alliance The SADC Gender Protocol is the only sub regional instrument that brings together existing global and continental commitments to gender equality and enhances these through time bound targets Aligned to Millennium Development Goal Three the original 28 targets of the Protocol targets expire in 2015 Now that 2015 is here we need to step back assess and reposition In June 2014 SADC Gender Ministers agreed to review the targets of the Gender Protocol in line with the Sustainable Development Goals SDGs In May this year ministers added that they want the Protocol to be accompanied by a Monitoring Evaluation and Results Framework The 2015 Barometer shows that implementation is now the biggest missing gap in the quest for gender equality Now is the time to strengthen resolve reconsider reposition and re strategise for 2030 SADC GENDER PROTOCOL BAROMETER 2015 2015 is here In August 2008 Heads of State of the Southern African Development Community adopted the ground breaking
