Referee Observation CHECKLIST

Referee Observation

World of Football Refereeing and its observers have established a highly developed and detailed system to gather referee performances on international top level. It is aimed at creating kind of equivalent to UEFA's official referee observation.

To assure a detailed and qualitative evaluation of the respective referee performance, it has to be laid emphasis on the availability of certain parameters which are the basis of the final mark the match officials receive. These parameters are taken into account with a different percentage adequate to their importance and significance (MATCH DIFFICULTY / IMPORTANCE, CONTROL, DECISIONS, STYLE).

UEFA has recently underlined the meaning of the decisions, but also emphasized the rising importance of the match reading and physical condition of their referees. This system pays heavy attention to that, too.

The final mark comes therefore into existence by the following parameters and scales, which the blog referee observers are asked to strictly follow:

- **MATCH DIFFICULTY / IMPORTANCE:** Aimed at giving an impression about the difficulty of the match which influenced the referee performance (includes aspects like atmosphere etc.) and the importance of the match, whether it is e.g. to a certain extent a very important match due to its stage in a competition or its historical background.

Criteria	Mark Spectrum
Easy-going match with few challenges for the referee	60,0 or 65,0
Intense match with some difficult situations to solve	70,0 or 75,0
Very difficult match	80,0 or 85,0
Very difficult match, many important situations to solve and the match background and the stage in the competition indicate a very high importance of the match	90,0, 95,0 or 100,0

It counts 10%.

- **CONTROL:** Includes the way the referee controls the match, inhowfar he had authority and restricted upcoming conflicts.

Criteria	Mark Spectrum
Excellent Control	90,0-100,0
Very good Control	81,0-89,0
Good, Expected Level, only some challenges for the referee	75,0-80,0
Still Expected Level, however some area for improvement in different areas	70,0-74,0
Still acceptable, however, important area for improvement in different areas	60,0-69,0
Poor Control, obvious problems here	45,0-59,0
Totally disappointing, no control at all	0,0-49,0

It counts 20%.

- **DECISIONS:** Quality of the Decisions.

Criteria	Mark Spectrum
Excellent Decisions	90,0-100,0
Very good, Important Decisions correctly taken.	85,0-89,0
Good, Expected Level, only some challenges for the referee	80,0-84,0
Good, Expected Level, however some area for improvement	75,0-79,0
Still Expected Level, however, important area for improvement	70,0-74,0
a) One clear and important mistake of match influencing or even	65,0-69,0

Football and International Relations under Francoism, 1937-1975 Juan Antonio Simón, 2024-10-03 This book shines a light on the specific role football played in relation to the international relations of the Franco regime in mid twentieth century Spain In the 35 years of the dictatorship of General Francisco Franco sport specifically football as the main mass sport was often used as a tool at the service of the political and diplomatic interests of the regime and this volume analyses how Franco's government mainly through its Ministry of Foreign Affairs used football as part of its foreign policy strategy to promote the international image of the dictatorship Prestige international tours and friendly matches the European successes of Real Madrid CF and of the national team and the organisation of sporting events such as the 1964 European Nations Cup were used as instruments to strengthen the country's geopolitical interests This book responds to an important bibliographical gap that exists in relation to both research on Franco's regime and the study

of the role that sport played under Franco and in comparison with other totalitarian regimes such as fascism and Nazism
