

- Nine years war, 1753-1767. War fought largely in Canada(? Double check)
- War of spanish succession, 1702-1713
- War of austrian succession 1740-1748
- French and indian war (1754-1763) fought largely in north american territory, resulted in the end of france's reign as a colonial power in north america
- Strong leadership of william pitt led british to victory
- costs of the war led to discontent in the colonies and helped spark the american revolution

Navigation acts 1651 were an attempt by britain to dominate international trade

- Aimed largely at the dutch (netherlands)
- Banned foreign ships from transporting goods to british colonies and from transporting goods to britain from elsewhere in europe
- Britain needed more revenue after the french and indian war to pay off war debt, defend expanding empire, and govern 33 far away colonies - so britain passed additional laws to generate revenue

Triangular trade

- Began in colonies with ships setting off for Africa carrying rum
- In africa, rum was traded for gold or slaves
- Ships went from africa to west indies, trading slaves for sugar/molasses/other
- Ships returned to colonies with sugar/molasses to make more rum
- Violated molasses act of 1733, colonists and britain didn't care

Salutary neglect- relax enforcement of strict regulations, particularly trade laws, imposed on american colonies

-development of local gov in america gave colonists a different view of the structure and role of gov

More colonists born in american soil meant less of a connection to britain

Colonists could govern on domestic issues, but Britain controlled international issues

Colonists began to practice representative gov- representatives chosen by male property owners

Acts of British parliament

- Sugar act, 1764 - required taxes to be collected on molasses brought into the colonies, gave british officials the right to search homes of anyone suspicious
- Stamp act, 1764 - taxed printed materials such as newspapers and legal docs. Protests led for this to be repealed in 1766

**Handbook of Education Policy Research** Gary Sykes, Barbara Schneider, David N. Plank, 2012-09-10 Co published by Routledge for the American Educational Research Association AERA Educational policy continues to be of major concern Policy debates about economic growth and national competitiveness for example commonly focus on the importance of human capital and a highly educated workforce Defining the theoretical boundaries and methodological approaches of education policy research are the two primary themes of this comprehensive AERA sponsored Handbook Organized into seven sections the Handbook focuses on 1 disciplinary foundations of educational policy 2 methodological perspectives 3 the policy process 4 resources management and organization 5 teaching and learning policy 6 actors and institutions and 7 education access and differentiation Drawing from multiple disciplines the Handbook s over one hundred authors address three central questions What policy issues and questions have oriented current policy research What research strategies and methods have proven most fruitful And what issues questions and methods will drive future policy research Topics such as

early childhood education school choice access to higher education teacher accountability and testing and measurement cut across the 63 chapters in the volume The politics surrounding these and other issues are objectively analyzed by authors and commentators Each of the seven sections concludes with two commentaries by leading scholars in the field The first considers the current state of policy design and the second addresses the current state of policy research This book is appropriate for scholars and graduate students working in the field of education policy and for the growing number of academic government and think tank researchers engaged in policy research For more information on the American Educational Research Association please visit <http://www.aera.net>
