

ESSAY QUESTION

Examine the economic, social and political effects of Reconstruction.

The effects of the reconstruction were social, political and economic and some were successful and failures. The reconstruction was after slavery ended. Then it created problems and many differences in the government system. Like for example the Radical Republicans wanted, they wanted complete change, while like the Wade-Bill supporters they wanted some basic change to very little. The reconstruction era mostly impacted the South, of course.

The social effects were creating schools, segregated schools and the KKK. In segregated schools the whites had better things than the blacks. So it'll limit their education. The KKK was the biggest problem, they would terrorize the blacks. Then the blacks would be scared to go at and send their children to schools. Mostly it was a failure because the KKK being involved with the blacks, they wouldn't get the freedom nor education they needed.

A Self-Fulfilling Prophecy Katherine Harvey, 2022-01-01 In recent years the geopolitical rivalry between Saudi Arabia and Iran has dominated the headlines Many have charted the polarization between a Saudi led Sunni camp and an Iranian led Shia one assuming that a predominantly Shia state like Iraq would automatically ally with Iran In this compelling account Katherine Harvey tells a different story Iraq s alignment with Iran was not a foregone conclusion Rather Saudi efforts to undermine Iran have paradoxically empowered it Harvey investigates why the Saudis refused to engage with Iraq s post 2003 Shia led government despite continual outreach by Iraq s new leaders and considerable pressure from the United States She finds that certain deeply ingrained assumptions predisposed Saudi leaders to see a Shia led Iraq as naturally beholden to Iran the view that Iran is inherently expansionist and the belief that Arab Shia tend to be loyal to it This outlook was simplistic even downright inaccurate and in refusing to engage the Saudis created a self fulfilling prophecy As Harvey demonstrates members of Iraq s new government initially sought to establish a positive relationship with Saudi Arabia and to pursue a course independent from Iran But isolated and rejected by Saudi King Abdullah Iraq ultimately had nowhere else to turn
