Sue Russell,2019-11-20 There has been much discussion of two dimensions of the kingdom of God in scholarship the temporal already not yet and the embodied spirit flesh Russell proposes that there is a third parallel dimension a social dimension Using Victor Turner's concepts of structure antistructure and liminality Russell explores how these concepts are consistently expressed in Jesus teaching in Paul's writing and through the writers of the second and third centuries She demonstrates how from the very beginning of the Jesus movement Christ followers were unique not because their members were to live liminal lives apart from structure but because they lived out new antistructural relationships within existing structures and thus transformed them They lived liminally within their structure **In Defense of Conciliar Christology** Timothy Pawl,2016 This work presents a historically informed systematic exposition of the Christology of the first seven Ecumenical Councils of undivided Christendom from the First Council of Nicaea in 325 AD to the Second Council of Nicaea in 787 AD Assuming the truth of Conciliar Christology for the sake of argument Timothy Pawl considers whether there are good philosophical arguments that show a contradiction or incoherence in that doctrine He presents the definitions of important terms in the debate and a helpful metaphysics for understanding the incarnation In Defense of Conciliar Christology discusses three types of

philosophical objections to Conciliar Christology Firstly it highlights the fundamental philosophical problem facing Christology how can one thing be both God and man when anything deserving to be called God must have certain attributes and yet it seems that nothing that can aptly be called man can have those same attributes It then considers the argument that if the Second Person of the Holy Trinity were immutable or atemporal as Conciliar Christology requires then that Person could not become anything and thus could not become man Finally Pawl addresses the objection that if there is a single Christ then there is a single nature or will in Christ However if that conditional is true then Conciliar Christology is false since it affirms the antecedent of the conditional to be true but denies the truth of the consequent Pawl defends Conciliar Christology against these charges arguing that all three philosophical objections fail to show Conciliar Christology inconsistent or incoherent

The Finality of the Gospel ,2022-06-13 In this volume leading systematic theologians and New Testament scholars working today undertake a fresh and constructive interdisciplinary engagement with key eschatological themes in Christian theology in close conversation with the work of Karl Barth Ranging from close exegetical studies of Barth's treatment of eschatological themes in his commentary on Romans or lectures on 1 Corinthians to examination of his mature dogmatic discussions of death and evil this volume offers a fascinating variety of insights into both Barth's theology and its legacy as well as the eschatological dimensions of the biblical witness and its salience for both the academy and church Contributors are John M G Barclay Douglas Campbell Christophe Chalamet Kaitlyn Dugan Nancy J Duff Susan Eastman Beverly Roberts Gaventa Grant Macaskill Kenneth Oakes Christoph Schwobel Christiane Tietz Philip G Ziegler

Divine Freedom and Revelation in Christ Alexander Garton-Eisenacher, 2022-12-12 Christianity claims that the incarnation provides reliable knowledge about God but also that the incarnation was undertaken freely and thus need not have happened Alexander Garton Eisenacher resolves this tension between epistemological reliability and divine freedom building particularly from the work of Karl Barth Garton Eisenacher offers a fresh reading of the Church Dogmatics that demonstrates how Barth's theology provides a promising starting point but notes that his argument is ultimately undermined by the doctrine of eternity within which it is framed The author overcomes this issue by showing how the promising motifs employed by Barth can be authentically derived from the classical

doctrine of eternity instead In so doing this work shows that reading classical eternity against a Barthian background also serves to draw out a more temporal interpretation of the doctrine than its contemporary characterization reclaiming it as a viable Christian understanding of God's relationship to time

The Problem of Evil and the Power of God Atle Ottesen Søvik, 2011-05-23 The problem of evil can be defined theoretically as the apparent inconsistency between on the one hand belief in the existence of a perfectly good and omnipotent God and on the other hand the existence of evil This book discusses four different solutions to this problem provided by Richard Swinburne Keith Ward David Griffin and Johan Hygen with the goal of finding the most coherent solution The author makes several suggestions for improvement and concludes that there is a coherent answer to the problem of evil While the focus is on Christian approaches to the problem many of the approaches and solutions are applicable to other religions as well
