Disturbing the Universe Roberta S. Trites, 1998-04-01 The Young Adult novel is ordinarily characterized as a coming of age story in which the narrative revolves around the individual growth and maturation of a character but Roberta Trites expands this notion by chronicling the dynamics of power and repression that weave their way through YA books Characters in these novels must learn to negotiate the levels of power that exist in the myriad social institutions within which they function including family church government and school Trites argues that the development of the genre over the past thirty years is

an outgrowth of postmodernism since YA novels are by definition texts that interrogate the social construction of individuals Drawing on such nineteenth century precursors as *Little Women* and *Adventures of Huckleberry Finn* *Disturbing the Universe* demonstrates how important it is to employ poststructuralist methodologies in analyzing adolescent literature both in critical studies and in the classroom Among the twentieth century authors discussed are Blume Hamilton Hinton Le Guin L Engle and Zindel Trites work has applications for a broad range of readers including scholars of children s literature and theorists of post modernity as well as librarians and secondary school teachers *Disturbing the Universe* Power and Repression in Adolescent Literature by Roberta Seelinger Trites is the winner of the 2002 Children s Literature Association s Book Award The award is given annually in order to promote and recognize outstanding contributions to children s literature history scholarship and criticism it is one of the highest academic honors that can accrue to an author of children s literary criticism **Newsweek** ,1990 *A History of British, Irish and American Literature* Hans-Peter Wagner,2021-10-04 The third revised and enlarged edition contains discussions of British Irish and American literary works up to 2020 Focussing on outstanding writings in prose poetry drama and non fiction the book covers the time from the Anglo Saxon period to the 21st century The feature that makes this literary history unique among its rivals is the coverage of television web series as a particular form of postmodern drama The chapters on recent drama now contain detailed analyses of the development of TV and web series from Britain Ireland and America with extensive discussions of those series now considered classics In addition there are several major innovative features To begin with each century is introduced by a survey of the socio political and cultural backgrounds in which the literary works are embedded Furthermore extensive visual material more than 160 engravings cartoons and paintings has been integrated This visual aspect as well as the introductory sections on art for each century give the reader an excellent idea of the symbiosis between visual and literary representations Further innovative aspects include discussions of non fictional works from literary criticism and theory travel writing historiography and the social sciences analyses of such popular genres as crime fiction science fiction fantasy the Western horror fiction and children s literature footnotes explaining technical and historical terms and events a detailed glossary of literary terms chronological tables for British Anglo Irish and American literatures an updated cut off date 2020 extensive bibliography containing suggestions for further reading *Words Fail Me* Patricia T.
