**How to Attract Your Soulmate and Attain Everlasting Happiness** Ahmad Mokhzani Bin Mohd Nor, 2025-08-12

Finding a soul mate seems to require a lot of work. We have millions of expectations for our partners in our lifetime. We entered the online dating site. We even go to the party and hope to meet them. We have gone through countless processes and debates to find this process. It doesn't have to be that difficult. Your soulmate is waiting to adapt to you. We all have soul mates. Soul mates are those who are closely related to your life who can help you learn lessons and provide you with support from time to time on your physical and spiritual journey. Sometimes they can also play the role of the lover. Everyone has a hidden talent that can help them discover and connect with their soulmate and live happily ever after. But most people continue to live with hidden talent and their soulmate continues to wait around the corner while the two bodies will wander around because of a simple missing talent that exists but is yet to be shown. This book shows you a simple step by step process of attracting your soulmate and having an everlasting relationship even after both souls meet. Before you and your soulmate meet in the material world not only do your energies feel each other but they may have tried for a long time to attract the meeting. Therefore when you are ready your mind will send you a message that you are finally ready to find your significant other. Human existence is built around particles that make up the body of energy. This energy determines who stays and who leaves our world of existence. You will learn the energy needed for you to attract your soul mate without breaking too many bonds of energy. You deserve to be loved and so your partner also deserves a happy relationship. Nothing comes sweeter than sharing your thought and lifetime with that special being created to complete your existence and give you the true love and care you deserve.
