Green, 1977 **Resources in Education** ,1981 America the Great and Its Self-Destruction Wei Bin Zhang, 2021-10-01 The accelerating self destruction of the United States cannot be hidden when the

loss of productivity loss of faith in government enflamed identity politics and social fragmentation are constant and are clearly documented Any national assessment should be grounded in facts and Prof Zhang provides a plethora of economic data as a baseline for discussion The figures and graphs reveal many sides of America that we may generally miss In addition Chinese and other Asians familiar with ancient Confucianism have their own sources of wisdom and commentary to guide them in assessing how they and their neighbors think and behave Here a Chinese academic familiar with both worlds shares his impressions and his conclusions Prof Zhang juxtaposes the political economic and cultural behavior of America with sparkling quotes from Confucius Mencius Xun Zi as well as Western classical thinkers from Plato to Quesnay and Weber The book gives us a new perspective on our country with insights as well from Chaos Theory In this book we explore how the basic concepts of the yin yang vision and socioeconomic chaos theory can help us understand American civilization what it represents and the natural cycles it is going through Confucianism is more rationalist and sober in the sense of the absence and the rejection of all non utilitarian yardsticks than any other ethical system with the possible exception of J Bentham s The author presents data on American economic and social trends and systematically compares the basic ideas of Confucius and Adam Smith These are interwoven with hundreds of pithy observations on America from a wide spectrum of commentators from intellectual lumaries to Hollywood stars The aim of studying the history of human societies the author says is to find the equations i e mechanisms of historical evolution by stepping back to view events from different perspectives he seeks to present America as an organic whole going beyond a partial one sided view of history neither the patrician perspective nor that of the workers and the poor The book is basically an application of the author s general theory on socioeconomic evolution to provide some insights into America s evolution by viewing it under an alternative ethical system ancient Confucianism with insights from chaos theory

Democracy in America: Is it in Peril? Plammoottil V.

Cherian,2023-02-23 Democracy in the world is backsliding in many countries around the globe at the present time due to various reasons Different nations may have their own particular reasons such as socioeconomic inequality poverty failure of checks and balances that may result in an abrupt military coup d etat to change from democracy to tyranny In nations where democracy failed there were no tanks on the street Constitution of the land remained but elected leaders became autocrats maintaining a veneer of democracy America being a nation with nearly 80 percent of Christians has been the strongest democracy in the world who championed it as the model for the rest of the world However democracy in America appears to be in peril because of political bickering partisan gridlock and promulgation of falsities misinformation and faux faith by one political party By introducing the foundational principles of democracy from the philosophical arguments of Socrates Plato and Aristotle the author shows how and why the cornerstone of democracy in America shows signs of crumbling The book vividly explains Politics without God will shatter the foundation of democracy Present political system rejects the checks and balances laid by the founding fathers The right wing has cultivated a spirit of untruth that spreads like a wildfire Rejecting

truth by political parties and leadership is a sign of strong delusion There is a clear moral bankruptcy in the present political sphere of our nation The brightness of democracy in America which Tocqueville praised has been tarnished Hypocritical and dishonest leaders should not reign lest the people be ensnared American politicians must register their solemn oath in heaven to act in truth No nation can be established in one day but can shatter in one day by a despot America must realign with God to lead the nation in truth justice and freedom for all Democracy turns to tyranny when a moral man becomes amoral With biblical prophecies and instructions the author shows that America faces a real threat to its democracy unless it resists tyrants with all their mind soul and strength which is obedience to God who can anchor the nation on its solid foundation set by the Founding Fathers Every citizen political and judicial leaders of the nation are the cupbearers and the watchmen of the nation

America-The Last Best Hope Volumes I and II William J. Bennett, 2007-10-14 William J Bennett reacquaints America with its heritage in two volumes of America The Last Best Hope While national test scores reveal that American students know startlingly little about their history former U S Education Secretary William J Bennett offers one of the most gripping and memorable versions of the American story in print The two volumes of Bennett s New York Times bestselling epic America The Last Best Hope cover Columbus s discovery of the New World in the fifteenth century to the fall of world communism in the twentieth Now both volumes are available in a convenient and attractive slip case complete with a bonus audio CD Remembering Ronald Reagan featuring recollections and commentary by Jeane Kirkpatrick Edwin Meese and others Bill Bennett brings American history to life with stories such as the coup d etat quelled by a pair of reading glasses the U S senator nearly caned to death on the Senate floor the presidential pardon for hundreds of Sioux warriors one ex president s race to finish his memoirs and the famous humorist who helped him when Time magazine named Hitler man of the year Eisenhower s bold actions documenting the horrors of the Holocaust Nixon s comic opera uniforms for White House guards Reagan s most famous example of just saying No From heroism of the Revolution to the dire hours of the Civil War from the progressive reforms of the early 1900s to the civil rights reforms of the 1960s from the high drama of the Space Race to the gut wrenching tension of the Cold War Bennett slices through the cobwebs of time memory and prevailing cynicism to reinvigorate America with an informed patriotism Praise for America The Last Best Hope This is the American history that Abraham Lincoln has long awaited Harry V Jaffa Crisis of the House Divided Bennett has a gift for choosing the pithy revealing anecdote and for providing fresh character sketches and critical analyses of the leading figures This is an American history that adults will find refreshing and enlightening and that younger readers will find a darn good read Michael Barone US News World Report A worthy and necessary book for our time Michael J Lewis Commentary Bennett has a strong sense of narrative a flair for anecdote and a lively style And the American story really is a remarkable one filled with its share of brilliant leaders and tragic mistakes Bennett brings that story to life Alan Wolfe The Washington Post The role of history is to inform inspire and sometimes provoke us which is why Bill Bennett s wonderfully readable book is so important

He puts our nation's triumphs along with its lapses into the context of a narrative about the progress of freedom. Every now and then it's useful to be reminded that we are a fortunate people blessed with generations of leaders who repeatedly renewed the meaning of America. Walter Isaacson, Benjamin Franklin: An American Life. The importance of America. The Last Best Hope probably exceeds anything Dr. Bennett has ever written and it is more elegantly crafted and eminently readable than any comprehensive work of history I've read in a very long time. It's silly to compare great works of history to great novels, but this book truly is a page-turner. Brad Miner, American Compass. This lively book acknowledges mistakes and shortcomings yet patriotically asserts that the American experiment in democracy is still a success story. School Library Journal.

Academy United States Air Force Academy, 2003. *The Globalization of Addiction* Bruce Alexander, 2010-03-04. Addiction is increasing all around the world and the conventional remedies don't work. *The Globalization of Addiction* argues that the cause of this failure to control addiction is that past treatments have focused too single-mindedly on the afflicted individual addict. The Death of American Virtue Ken Gormley, 2010-02-16. Ten years after one of the most polarizing political scandals in American history, author Ken Gormley offers an insightful, balanced, and revealing analysis of the events leading up to the impeachment trial of President William Jefferson Clinton. From Ken Starr's initial Whitewater investigation through the Paula Jones sexual harassment suit to the Monica Lewinsky affair and Brett Kavanaugh's role in the subsequent inquiry, *The Death of American Virtue* is a gripping chronicle of an ever-escalating political feeding frenzy. In exclusive interviews, Bill Clinton, Ken Starr, Monica Lewinsky, Paula Jones, Susan McDougal, and many more key players offer candid reflections on that period. Drawing on never-before-released records and documents, including the Justice Department's internal investigation into Starr, new details concerning the death of Vince Foster and evidence from lawyers on both sides, Gormley sheds new light on a dark and divisive chapter, the aftereffects of which are still being felt in today's political climate.

God And His Coexistent Relations To The Universe: George D. Shollenberger, 2014. The author says that the social contract theory of John Locke, the immortal souls of humans, and doubts of the divinity of Jesus by Ben Franklin, Thomas Jefferson, and John Adams caused the separation of the U.S. colonists from England on July 4, 1776. However, the author says

that the USA has lost its God and has no facts about the universe in which we live He also says that Locke s social contract theory and the immortal souls of humans were never installed by Congress And he says that the doubts of the divinity of Jesus were never verified In his new book the author opens his widely respected mind to find answers to the above unknowns In his studies of the immortal souls the author concludes that all nations must become equal so that the immortal souls of every Little God can be reborn naturally by God His study provides answers of all doubts about the divinity of Jesus and says that only one active God exists and governs the immortal souls and the universe forever In time only one religion will exist
