Great Lakes and Midwest Catalog Partners Book Distributing, 1999 **Castaway Tales** Christopher Palmer, 2016-05-10 A wide ranging and appreciative literary history of the castaway tale from Defoe to the present Ever since Robinson Crusoe washed ashore the castaway story has survived and prospered inspiring a multitude of writers of adventure fiction to imitate and adapt its mythic elements In his brilliant critical study of this popular genre Christopher Palmer traces the castaway tales history and changes through periods of settlement violence and reconciliation and across genres and languages Showing how subsequent authors have parodied or inverted the castaway tale Palmer concentrates on the period following H

G Wells's *The Island of Dr Moreau* These much darker visions are seen in later novels including William Golding's *Lord of the Flies* J G Ballard's *Concrete Island* and Iain Banks's *The Wasp Factory* In these and other variations the castaway becomes a cannibal the castaway's island is relocated to center of London female castaways mock the traditional masculinity of the original Crusoe or Friday ceases to be a biddable servant By the mid twentieth century the castaway tale has plunged into violence and madness only to see it return in young adult novels such as Scott O Dell's *Island of the Blue Dolphins* and Terry Pratchett's *Nation* to the buoyancy and optimism of the original The result is a fascinating series of revisions of violence and pessimism but also reconciliation

The Scandal of the Century Gabriel Garcia Marquez, 2020-08-13 A new collection of journalism from one of the great titans of 20th century literature I don't want to be remembered for One Hundred Years of Solitude or for the Nobel Prize but rather for my journalism Gabriel Garcia Marquez said in the final years of his life And while some of his journalistic writings have been made available over the years this is the first volume to gather a representative selection from across the first four decades of his career years during which he worked as a full time often muckraking and controversial journalist even as he penned the fiction that would bring him the Nobel Prize in 1982 Here are the first pieces he wrote while working for newspapers in the coastal Colombian cities of Cartagena and Barranquilla his longer more fictionlike reportage from Paris and Rome his monthly columns for Spain's *El Pa*s And while all the work points in style wit depth and passion to his fiction these fifty pieces are more than anything a revelation of the writer working at the profession he believed to be the best in the world Garcia Marquez always thought of himself as a journalist first and foremost and this brilliant collection goes a long way towards justifying that belief
