Wardenclyffe F. Paul Wilson,2018-12-14 Excerpt from the editorial in The Journal of New Historical Perspectives Vol 3 4 2011 On the night of July 15 1903 Nikola Tesla powered up his 190 foot tower in Wardenclyffe on Long Island s north shore The bolts of energy radiating from the apical dome were visible as far away as New Haven Connecticut This was the first and last time anyone would witness such a display Three years later broke and unable to secure further funding Tesla abandoned the Wardenclyffe tower and his dream of worldwide wireless power He returned to Manhattan where he promptly suffered a nervous breakdown So say the history books But new evidence has surfaced that a shadowy fraternal order stepped in and provided generous funding after J P Morgan reneged Witnesses state that testing of the tower continued but only on foggy days when the discharges would not be noticed The final test took place on April 18 1906 Around dawn in heavy fog the tower was charged to maximum capacity across the Atlantic in Abereiddy Wales two copper prongs attached to a 50 watt lightbulb were thrust into the ground The bulb lit Tesla had proved that worldwide wireless power was possible Why then at the moment of his greatest vindication did Nikola Tesla abandon his project What could possibly have transpired at Wardenclyffe that day to so rattle him that he would deny the world his transformative technology We may never know

Paul Wilson,2019-12-19 Jack is back Wilson never said he was through with Repairman Jack He said he was through turning in a new novel every year He also said when a story came along that was right for Jack he d write it The Last Christmas is that story It s late December between Ground Zero and Fatal Error a winter of discontent for Jack who s perhaps spending too much time hanging at Julio s An old contact Edward Burkes convinces him to take on a missing person fix As usual nothing is as it seems and the missing person isn t exactly a person In fact it s like nothing anyone has ever seen And in the middle of all this the mysterious Madame de Medici hires him to safeguard a valuable object Simple right Not even close Yep Jack is back and as usual weird trouble is on his heels **Double Dose** F. Paul Wilson,2023-09-19 Double Dose picks up right where Double Threat leaves off with a snarl of threads to tie up a host of mysteries to explain all complicated by some embarrassing intrusions from the past So many secrets in Nespodee Springs the biggest is revealed when Rhys and Daley track down the second half of the Pendry film and learn the secrets of the clan s Tesla tower and the catastrophic details of the plan to bring the Visitors back to Earth But the insidious malady known as the horrors remains a mystery claiming more and more victims every day Daley and Pard learn they can cure it if only the powers that be will allow them Daley finds herself in an ironic situation For the first time in her life she s trying to play it straight help people instead of scam them and no one will let her In the past when she s spun a web of lies the marks lapped it up like honey Now when she s telling the truth a life saving truth no one believes her And meanwhile over the Salton Sea an ominous darkness is growing *The Hero's Quest and the Cycles of Nature* Rachel S. McCoppin,2016-10-25 This examination of the heroic journey in world mythology casts the protagonist as a personification of nature a botanical hero one might say who begins the quest in a metaphorical seed like state then sprouts into a period of verdant strength But the hero must face a mythic underworld where he or she contends with mortality and sacrifice embracing death as a part of life For centuries humans have sought superiority over nature yet the botanical hero finds nothing is lost by recognizing that one is merely a part of nature Instead a cyclical promise of continuous life is realized in which no element fully disappears and the hero s message is not to dwell on death Psyche Reborn Susan Stanford Friedman,1981-11-22 a major study of the poetry Sandra M Gilbert New York Times Book Review the first book length study to approach H D from a feminist perspective Psyche Reborn is a valuable book not

only for H D specialists but also for those interested in twentieth century intellectual history Cheryl Walker Signs lucid deeply informed assessment Joanne Felt Diehl Tulsa Studies in Women s Literature Indiana University Press should be heartily commended for promoting Psyche Reborn in paperback hence making this vital critical work more widely available Lesbian and Gay Studies Newsletter a richly documented polemical and intelligent study Friedman s is a splendid and rewarding achievement The Year s Work in English Studies
