## **Recipe For Apple Cinnamon Kringle:**

*Lots of Fat and Taste Recipes* John De Kleine, 2009-05 A very different kind of a cook book Most recipes in this book date back to a time when cholesterol was unknown and a triglyceride was thought of as a creature that walked with the dinosaurs A time when food was eaten because it tastes good rather than if it was healthy or not If it didn't taste good you didn't eat it consider small children and strained spinach or peas These recipes are not for the diet or health conscious person as they contain lots of fat butter meat drippings lard and such Also they should not be eaten as a daily fare because most of them are considered to be unhealthy at this point in time However when you get a craving for something that tastes better than cardboard sawdust leather or mush it's time to break out these recipes When you finish one of these meals you'll know that you've eaten something that really satisfies your taste buds without all the doctoring of spices to add flavor Now you can go back to healthy diet foods until the urge hits you again to have a really great tasting meal **Vaping Home Brewers**
