Seductive Spirits Nathanael Homewood, 2024-03-12 Pentecostalism Africa's fastest growing form of Christianity has long been preoccupied with the business of banishing demons from human bodies Among Ghanaian Pentecostals deliverance is primary among the embodied experiential gifts a loud messy and noisy experience that ends only when the possessed body falls to the ground silent and docile the evil spirits rendered powerless in the face of the holy spirit wielding prophets And nowhere is Ghanaian Pentecostal obsession with demons more pronounced than with sexual demons In this book Nathanael Homewood examines the frequent and varied experiences of spirit possession and sex with demons that constitute a vital part of Pentecostal deliverance ministries offering insight into these practices assembled from long term ethnographic engagement with four churches in Accra the capital of Ghana Relying on the uniqueness of the Pentecostal sensorium this book unravels how spirits and sexuality intimately combine to expand the definition of the body beyond its fleshy boundaries Demons are a knowledge regime one that shapes how Pentecostals think about engage with and construct the cosmos Deliverance Pentecostals reiterate and tarry with the demonic especially sexually as a realm of invention whereby alternative ways of being sensing and having sex are dreamed practiced and performed Ultimately Homewood argues for a distinction between colonial demonization and decolonial demons charting another path to understanding being the body and sexualities

Miyazaki's Animism Abroad Eriko Ogiwara-Schuck, 2014-10-21 After winning an Oscar for *Spirited Away* the Japanese director Hayao Miyazaki's animated films were dubbed into many languages Some of the films are saturated with religious themes distinctive to Japanese culture How were these themes or what Miyazaki describes as animism received abroad especially considering that they are challenging to translate This book examines how American and German audiences grounded on Judeo-Christian traditions responded to the animism in Miyazaki's *Nausicaä of the Valley of the Wind* 1984 *My Neighbor Totoro* 1988 *Princess Mononoke* 1997 *Spirited Away* 2001 and *Ponyo on the Cliff by the Sea* 2008 By a close reading of adaptations and film reviews and a study of transitions in their verbal and visual approaches to animism this book demonstrates that the American and German receptions transcended the conventional view of an antagonistic relationship between animism and Christianity With the ability to change their shapes into forms easily accessible to other cultural arenas the anime films make a significant contribution to inter-religious dialogue in the age of secularization *Hafed, prince of Persia: his experiences, being spirit communications received through D.
