

Teaching receptive skills (reading or listening)

This structure works for any reading or listening text. It aims to engage students, and to ensure they understand the text in detail. To make sure this happens they need to do quite a lot before they ever see or listen to the text.

| | | |
|---|--|--|
| Aim: Students listen or read for main ideas and detailed understanding | | |
| Level: All | | Time: 60 mins |
| Assumptions: This is what students can do already – e.g. they know most of the vocabulary on this topic. | | Anticipated problems and solutions: This is what you think students will have trouble with and what you will do to help them e.g. they may not know a key word in the text, so you will teach it before they read. |
| Main Stages | Microstages | Sample Activities (Just choose one or two at each stage) |
| Pre- text Aim: Students are interested and ready to listen or read. Time: 10 minutes | Introduce the topic (lead in) Aim: Students are interested in the topic. | <ul style="list-style-type: none"> Students look at pictures related to the topic, and discuss / brainstorm what they know. Students discuss questions related to the topic. Students create a mind map related to the topic. Students see a headline and visuals from the text, and predict what it will say. |
| | Introduce the text Aim: Students now where the text comes from. | <ul style="list-style-type: none"> Show students the source of the text e.g. hold up the newspaper where the article is from. |
| | Pre-teach vocabulary Aim: Students know the vocabulary they will need to complete the listening / reading activities. | <ul style="list-style-type: none"> Teach students words they need. Students look up the words and teach each other. |
| Text | Listening / Reading for | <ul style="list-style-type: none"> Give a simple question – Is it about X or Y? |

Teacher Training Essentials Craig Thaine, 2010-10-21 The

essential resource for new and experienced teacher trainers **100 Ideas for Lesson Planning** Anthony Haynes, 2007-03-10 Lesson planning and preparation is one of the most important aspects of teaching It is also one of the hardest aspects to learn Student teachers for example often find it difficult to gauge how to pitch or pace a lesson This book provides solutions It not only provides easily understood practical ideas but also sets them in a coherent overall framework based on the ideas that planning and preparation are part of a total cyclical process involving pedagogy curriculum learning and assessment Planning and preparation are personal matters related to an individual teacher but this does not mean that teachers cannot learn from each other or that thinking about planning and preparation is arbitrary Coverage includes often neglected areas such as the affective curriculum language across the curriculum and homework **The Complete Guide to Lesson Planning and Preparation** Anthony Haynes, 2010-09-02 This book covers everything needed to plan and prepare for lessons effectively and encourages teachers to reflect on their strengths and weaknesses priorities and needs

Subbing in the City Sally Goddard, Arlene Armstrong, 2004 Substitute teaching is one of the least glamorous areas of the teaching profession Everyone remembers the day their class made the sub cry or refused to do work the sub assigned or worse because the teacher was just a sub This book focuses the reader's attention on the problems faced by a substitute teacher in Canadian classrooms The purpose of this book is threefold First it describes some of the difficulties and frustrations which many substitute teachers face on a daily basis Second I give brief examples describing the problems the frustrations and in some cases the humour as seen by a real substitute teacher And third in a section called In a Perfect World I provide suggestions outlining ways that many of the difficulties described could be alleviated either by the classroom teacher the school administration or by the school board staff TRAINING THE SWAT TRAINER Tomas C. Mijares, Marcus L. Wall, 2012-04-01 Few areas in American law enforcement are characterized by the frequency quality and magnitude of innovations as the advances found in tactical operations To introduce new equipment and methods during an actual operation without adequate instruction assessment preparation and practice not only invites failure but also subjects an entire organizational chain of command to preventable criticism and avoidable litigation The purpose of this manual is to introduce police instructional personnel to the legal administrative and safety issues associated with this very critical area of police training Its purpose is not to create a cookbook approach to tactical training or even develop a better instructional cadre but rather to present the guidelines to mitigate litigation both at the individual and organizational levels through a proactive approach to the occasional criticism directed toward police tactical training Major topics include the SWAT instructor establishing learning goals and objectives and writing lesson plans engaging the student presenting the material training aids and facilities the need for continuous training and evaluation documentation adhering to standards of the profession and special considerations of training in defense tactics The book's recurring theme is the warning that any technique tactic or new technology taught by an instructor must be applied in a manner that is consistent with existing

organizational policy state and federal legislation and relevant case law Substantial legal and operational guidelines are provided that are needed by tactical leaders to develop and improve their leadership skills and tactical success Additionally the appendices contain a wealth of information regarding state law enforcement regulatory agencies national regional and state tactical officer associations sample lesson plans including evaluation drills instructor evaluation questionnaire and curriculum evaluation
