Stronger Jeff Bauman, 2017-11-30 Jeff Bauman woke up on 16th April 2013 in the Boston Medical Center groggy from a series of lifesaving surgeries and missing his legs. Just 30 hours prior Jeff was surrounded by revelry at the finish line of the Boston Marathon cheering on his girlfriend Erin when the first bomb went off at his feet. When Jeff awoke rather than take stock of his completely altered life he ripped out his breathing tube and tried to speak. He couldn't. So he wrote seven words: Saw the guy. Looked right at me setting off one of the biggest manhunts in the country's history and beginning his own brave road to recovery. His remarkable story is a testament to what it means to be Boston Strong. **Journal of the Assembly, Legislature of the State of California** California. Legislature. Assembly, 1942

Caribbean Portraits Christine Barrow, 1998 Since the 1970s the study of gender issues as they relate to the Caribbean has gone through several reinterpretations. The respectable wife and mother stereotype was replaced by that of the powerful matriarch which was in turn challenged by studies exposing the poverty and vulnerability of women not only of Afro Caribbean descent but Indian white and coloured middle class women. These reinterpretations signal a departure from the European American and African feminist scholarship; indeed Caribbean feminists are beginning to accept that perhaps the Caribbean woman does not exist. Caribbean Portraits makes its contribution by focusing on issues of gender ideology and identity. The articles in the collection ask simple but fundamental questions: Who are Caribbean women and who are Caribbean men? How do gender ideologies and stereotypes define them and how in turn do they respond? How are gender identities and relations formed and how do imperialism, capitalism, racism, race and culture affect these identities and relationships. Robert Coram,1993 The story of Antigua its ruling family and the corruption that has swept over the island since 1978
provides the core of this penetrating investigation of the Caribbean s dirtiest little secret But surrounding that core is the
equally disturbing account of the United States indifference to and deep involvement with that corruption First brought to
public light in author Robert Coram s lengthy New Yorker article about Antigua and Barbuda these shocking truths about a
presumed island paradise are now fully revealed for the first time Despite its tourist based economy Antigua presents the
greatest large scale health hazard of any Caribbean island Raw sewage from more than a dozen hotels and restaurants is
pumped into the sea in the middle of the island s two most popular beaches Since 1978 the United States has spent nearly
200 million in Antigua to maintain and expand virtually useless air force and naval bases to support a friendly but
bloodsucking regime On at least three occasions the United States Navy smuggled arms to South Africa by transshipment
through Antigua in defiance of the United Nations embargo The United States Embassy in Antigua its smallest in the world
has been presided over by a charge d affaires who has twice been investigated by the State Department Among the many
notorious celebrated and shady personages who appear in the book are Robert Vesco the fugitive capitalist who cheated
investors out of more than 200 million and who is still wanted in this country for an illegal campaign contribution to Richard
Nixon Gerald Bull the mysterious arms building genius who was assassinated in Brussels Rodriguez Gacha of the Medellin
drug cartel Donald and Ivana Trump Saddam Hussein and Rosanno Brazzi the 1950s movie star of South Pacific who was
