**Uncovering Possible: Pedagogies for Apocalyptic Times** Cara Berg Powers, Nastasia Lawton-Sticklor, 2025-09-02

Uncovering Possible Pedagogies for Apocalyptic Times is an edited volume that holds our experiences as educators activists and community members navigating the global pandemic of the past several years This pandemic is situated within the context of ongoing interconnected crises oppressive systems worsening climate and economic urgency all at an unsustainable pace The work in this volume confronts the grief loss and injustice that apocalypse brings while also engaging with the possibility and intentional resilient joy necessary to build a better world This volume is an invitation to explore both the impacts of this and many other apocalyptic events in learning spaces as well as re imagine what s essential to learning in community Through research storytelling reflections from the field poetry and interactive activities this volume shares lessons from those on the front lines of apocalyptic learning inviting the reader to find their place in building the more equitable communities we need and deserve This apocalypse is situated within a social context that extends beyond this single event For many apocalypse has and continues to happen through colonial white supremacist capitalism What we carry forward must include the collective knowledges capable of carrying us not just through this apocalypse but the apocalypses ahead

**From Wealth to Power** Fareed Zakaria, 1999-08-15 What turns rich nations into great powers How do wealthy countries begin extending their influence abroad These questions are vital to understanding one of the most important sources of instability in international politics the emergence of a new power In From Wealth to Power Fareed Zakaria seeks to answer these questions by examining the most puzzling case of a rising power in modern history that of the United States If rich nations routinely become great powers Zakaria asks then how do we explain the strange inactivity of the United States in the late nineteenth century By 1885 the U S was the richest country in the world And yet by all military political and diplomatic measures it was a minor power To explain this discrepancy Zakaria considers a wide variety of cases between 1865 and 1908 when the U S considered expanding its influence in such diverse places as Canada the Dominican Republic and Iceland Consistent with the realist theory of international relations he argues that the President and his administration tried to increase the country s political influence abroad when they saw an increase in the nation s relative economic power But they frequently had to curtail their plans for expansion he shows because they lacked a strong central government that could harness that economic power for the purposes of foreign policy America was an unusual power a strong nation with a weak state It was not until late in the century when power shifted from states to the federal government and from the legislative to the executive branch that leaders in Washington could mobilize the nation s resources for international influence Zakaria s exploration of this tension between national power and state structure will change how we view the emergence of new powers and deepen our understanding of America s exceptional history

Patrick Fairbairn, 1887 *True Stories* Francis Spufford, 2017-01-01 An irresistible collection of favorite writings from an

author celebrated for his bravura style and sheer unpredictability Francis Spufford's welcome first volume of collected essays gathers an array of his compelling writings from the 1990s to the present He makes use of a variety of encounters with particular places writers or books to address deeper questions relating to the complicated relationship between story telling and truth telling How must a nonfiction writer imagine facts vivifying them to bring them to life How must a novelist create a dependable world of story within which facts are in fact imaginary And how does a religious faith felt strongly to be true but not provably so draw on both kinds of writerly imagination Ranging freely across topics as diverse as the medieval legends of Cockaigne the Christian apologetics of C S Lewis and the tomb of Ayatollah Khomeini Spufford provides both fresh observations and thought provoking insights No less does he inspire an irresistible urge to turn the page and read on *The Parables in Q* Dieter T. Roth, 2019-11-28 Few New Testament topics have been discussed as often and as intensely as Q the hypothesized second major source alongside the gospel of Mark for the gospels of Matthew and Luke and the parables And yet no monograph to date has been devoted to considering the parables in Q In addition to filling this gap in New Testament scholarship Dieter T Roth addresses the need to move scholarship on both Q and the parables forward along methodological and interpretive lines Roth considers Q not as a text behind Matthew and Luke that needs to be reconstructed but rather as an intertext between Matthew and Luke that offered plots characters and images in parables that were taken up by Matthew and Luke and utilized in their own respective texts In addition Roth draws on recent parables research in his examination of the 27 parables in Q two spoken by John the Baptist one by the Centurion and 24 by Jesus in order to consider their purpose and function in this early Christian text Word and Power Gareth W. D. Stewart, 2015-02-16 Historically the Reformed and Charismatic streams have seemed to be almost mutually exclusive In recent years this exclusivity has been being challenged by a new generation of Reformed thinkers This work aims at considering the contribution of John Wimber the late leader of the Vineyard Churches to contemporary theological reflection within the Reformed tradition Taking into account John Wimber's unique theology of the radical middle which is somewhere between Pentecostal and Evangelical this book asks whether Wimber may be a possible alternative source for the contemporary Reformed Churches as they approach ministry and mission in the twenty first century Written from a confessional Presbyterian context in Northern Ireland Word and Power places Wimber in his theological context and asks whether Wimber's view of power evangelism discipleship formation and ministry training might be a model that Reformed Churches and Presbyterians in particular could adopt for their ecclesiology today *The Parables of Jesus* Luise Schottroff, 1990 A premier New Testament scholar explores how Jesus trial and execution are portrayed in the New Testament and how that portrayal has affected biblical studies Christian theology and Jewish Christian relations through history Tomson has written an accessible responsible analysis of the biblical accounts of Jesus death demonstrating how through compounded misunderstandings they contributed to anti Jewish sentiment in the early church and later history Tomson's question of how Jesus is to be understood in his first century Judean context is a

critical one not only for biblical scholars but for anyone concerned about human rights and interreligious dialogue today
