the weeks and months up to your Ironman event The Chapters are aimed to be succinct and to the point in topics which are notoriously full of differing opinions and supporting scientific proof The Chapters are based upon my findings during my journey to completing the four Ironman events that I have to date with a lot of reading picking peoples brains and trial and error Completing an Ironman is tough and should be given the respect that it deserves in the training and preparation that is made but caution should be taken in not giving the event too much respect in that it becomes crippling in your pursuit of glory
