this comprehensive guide to the history of Britain and its peoples will be indispensable reading for the general enthusiast as well as students. It is packed full of fascinating detail on everything from Hadrian's Wall to the Black Death to Tony Blair. The book was assembled over more than thirty years and has seen updates in three editions. He has done for historical encyclopaedias what Samuel Johnson did for dictionaries. Andrew Roberts *The Daily Telegraph*. An astonishing synthesis of information. Roger Scruton *The Times*. An astonishing achievement, a compelling book for dipping into a splendid work. Simon Hoggart *The Guardian*. This marvellous book which contains tens of thousands of historical facts will enlighten, amuse and inform. Every home should have one. Simon Heffer *The Daily Mail*. If you were marooned on that mythical desert island with only one history book, this would be the one to take. Buy three copies, one for the children, one for the grandchildren and one for yourself. John Charmley *The Daily Telegraph*. **Election Notebook** Nick Robinson, 2015. 2015's General Election and its profound implications for Britain's political and economic future. The year that led up to May 7 2015 determined not just who governed Britain but the future of the country itself. Night after night Nick Robinson wrote in his private notebook what he saw and heard and thought after a day spent broadcasting from the campaign trail and the House of Commons or interviewing the nation's political leaders. It records his insider's view of the extraordinary events he reported on day after day to millions of viewers and listeners. This was a year in which Nick asked David Cameron why he spent more on a dinner than the amount he was cutting from a family's annual tax credits. Ed Miliband whether he saw a prime minister when looked in the mirror. Nigel Farage why he employed his German wife and not a Brit to be his taxpayer-funded secretary and Alex Salmond why people should trust him and not businessmen. It was a year in which the BBC sometimes found itself dragged into the fight. This is a story not just of a battle for power but of the bare knuckle fight between the established parties and UKIP, the SNP, the Greens and others to break the hold on power of the big three and the historic battle over Scottish independence and Britain's membership of the EU. Nick Robinson's *Election Notebook* is filled with insight, analysis and behind-the-scenes gossip during an adrenalin-fuelled year. The School Director, 1953. Includes Music education.
