forces that have shaped television's portrayal of doctors and the medical world. For that alone it is a fantastic read. But Dr. Turow also pleases the mind with well-written and amusing stories, interviews, and behind-the-scenes anecdotes that bring to life in an eminently readable style the fascinating world of TV medicine.

David Foster, M.D., supervising producer, writer, and medical consultant for *House*. Joseph Turow takes us behind the scenes of such hit television series as *ER*, *Grey's Anatomy*, and *House* to reveal the complex relationship viewers have with their beloved fictional caregivers. Turow carefully probes the history of TV medical series and presents a compelling argument for telling more truthful medical stories in the future to reflect and address the precarious state of our health care system today.

Neal Baer, M.D., executive producer of *Law Order: Special Victims Unit*. The great contribution of Turow's book in addition to providing a highly readable and smart overview of medical shows over the years is to examine the consequences of the gap between the reality of medical care and the often romanticized heroic depictions on television. This would be a very good book for professors to use in teaching a range of courses in communications studies, from introductory courses to more specialized classes on health and the media.

Susan Douglas Catherine Neafie Kellogg, Professor Arthur F. Thurnau, Professor Communications Studies Department Chair, University of Michigan. *Playing Doctor* is an engaging and highly perceptive history of the medical TV series from its inception to the present day. Turow offers an inside look at the creation of iconic doctor shows as well as a detailed history of the programs, an analysis of changing public perceptions of doctors and medicine, and an insightful commentary on how medical dramas have both exploited and shaped these perceptions.

Drawing on extensive interviews with creators, directors, and producers, *Playing Doctor* is a classic in the field of communications studies. This expanded edition includes a new introduction placing the book in the contemporary context of the health care crisis as well as new chapters covering the intervening twenty years of television programming. Turow uses recent research and interviews with principals in contemporary television doctor shows such as *ER*, *Grey's Anatomy*, *House*, and *Scrubs* to illuminate the extraordinary ongoing cultural influence of medical shows. *Playing Doctor* situates the television vision of medicine as a limitless high-tech resource against the realities underlying the health care debate both yesterday and today.

Joseph Turow is Robert Lewis Shayon Professor at the Annenberg School for Communication, University of Pennsylvania. He was named a Distinguished Scholar by the National Communication Association and a Fellow of the International Communication Association in 2010. He has authored eight books, edited five, and written more than 100 articles on mass media industries. He has also produced a DVD titled *Prime Time Doctors: Why Should You Care?* that has been distributed to all first-year medical students with the support of the Robert Wood Johnson Foundation. Praise for the first edition of *Playing Doctor*. With *Playing Doctor*, Joseph Turow has established himself as one of the foremost analytic historians of the interplay between television, its audiences, and other American institutions.

Anatomy American Broadcasting Company Inc      Television after TV Jan Olsson, Lynn Spigel, 2004-11-30 A critical reassessment of television and television studies in the age of new media      **Once Upon an American Dream** Andrew Lainsbury, 2000 Branded a cultural Chernobyl and the tragic kingdom the Euro Disney Resort has been on its own thrill ride since opening in 1992 The much publicized version of the Magic Kingdom gave Europeans alcohol free mocktails surly employees even colors too muted for the Disney image Facing financial disaster was it any wonder that Disney execs found themselves wishing upon a star for answers After so many knee jerk criticisms of Euro Disney this book combines firsthand experience and research to shed new light on claims that the park is nothing more than a form of American cultural imperialism Andrew Lainsbury a former Euro Disney employee who knows what the park meant to its visitors goes beyond media bites and academic scorn to examine Europe's love hate relationship with Euro Disneyland and some of the undiscussed issues surrounding it Once Upon an American Dream is a story of global capitalism on a grand scale Lainsbury has plumbed company archives and interviewed key players to give readers the real view from Le Chateau de la Belle au Bois Dormant Sleeping Beauty's Castle He cracks open the Euro Disney controversy to reveal the park not as a tragic experiment in exporting American culture but the result of European efforts to import a popular form of American entertainment Lainsbury tells how the Walt Disney Company came to build a European park and locate it in France how political negotiations affected its design and development how it was promoted to continental audiences and what caused its widely publicized financial woes before being rescued by a real prince from Saudi Arabia He reveals what it took to win back the hearts of skeptical Europeans such as serving wine selling flashy merchandise and placating disgruntled workers Finally he looks into the magic mirror to speculate on the role of Euro Disney and the Walt Disney Company in the twenty first century Ultimately Lainsbury shows that cultural imperialism is not an exclusively American phenomenon but a global corporate strategy and that global corporatism by needing to be responsive to consumers is so complex that it may not be as monolithic as feared Once Upon an American Dream is a fairy tale for our times reminding us that for all the critical huffing and puffing the creation and marketing of pleasure is what Euro Disneyland is all about      *Death By Ego* David Carlson, 2018-04-09 Death by Ego provides unique insight into why many early stage companies with great concepts and plans fail It is a must read for everyone who provides their funding and will change the way investors think about these opportunities It also provides a rich set of materials for entrepreneurial study programs and alerts entrepreneurs to common dysfunctional inclinations Three objectives for this book Objective 1 Alert investors to the fact that many entrepreneurs have extremely dysfunctional personality traits so that investors may make better informed decisions and if they choose to invest insist on strong governance Objective 2 Provide true stories about entrepreneurs that failed their companies in order to provide a rich set of material to entrepreneurial study programs Objective 3 Remind entrepreneurs about tendencies that may jeopardize their success and the success of their companies <http://www.deathbyego.net>      **Creatures of Darkness** Gene D.

Phillips, 2021-03-17 An exhaustively researched survey of Raymond Chandler's thorny relationship with Hollywood during the classic period of film noir. Alain Silver, film producer and author, Raymond Chandler's seven novels including *The Big Sleep* 1939 and *The Long Goodbye* 1953 with their pessimism and grim realism had a direct influence on the emergence of film noir. Chandler worked to give his crime novels the flavor of his adopted city Los Angeles which was still something of a frontier town rife with corruption and lawlessness. In addition to novels, Chandler wrote short stories and penned the screenplays for several films including *Double Indemnity* 1944 and *Strangers on a Train* 1951. His work with Billy Wilder and Alfred Hitchcock on these projects was fraught with the difficulties of collaboration between established directors and an author who disliked having to edit his writing on demand. *Creatures of Darkness* is the first major biocritical study of Chandler in twenty years. Gene Phillips explores Chandler's unpublished script for *Lady in the Lake*, examines the process of adaptation of the novel *Strangers on a Train*, discusses the merits of the unproduced screenplay for *Playback* and compares Howard Hawks's director's cut of *The Big Sleep* with the version shown in theaters. Through interviews he conducted with Wilder, Hitchcock, Hawks and Edward Dmytryk over the past several decades, Phillips provides deeper insight into Chandler's sometimes difficult personality. Chandler's wisecracking private eye Philip Marlowe has spawned a thousand imitations. *Creatures of Darkness* lucidly explains the author's dramatic impact on both the literary and cinematic worlds, demonstrating the immeasurable debt that both detective fiction and the neo noir films of today owe to Chandler's stark vision. **The Sarbanes-Oxley Act of 2002**, 2008 **Television Game Show Hosts** David Baber, 2015-06-14 This unique work profiles the private lives and careers of 32 American game show hosts including the originals e.g. Bill Cullen, Peter Marshall, the classics e.g. Bob Barker and the contemporaries e.g. Regis Philbin. Organized by host, each chapter includes birth and family information and a complete career history. The most significant developments of each host's early life and career are highlighted, complete with successes, failures and scandals. Many of the biographies are accompanied by interviews with the host or his family and friends. *Full of Secrets* David Lavery, 1995 A study of *Twin Peaks*, the first foray into television for film director David Lynch. It addresses topics which include the series' cult status, its obsession with doubling and its silencing of women. It also analyses the series from feminist, deconstructionist and semiotic perspectives. **Defining Women** Julie D'Acci, 2000-11-09 *Defining Women* explores the social and cultural construction of gender and the meanings of woman, women and femininity as they were negotiated in the pioneering television series *Cagney and Lacey*, starring two women as New York City police detectives. Julie D'Acci illuminates the tensions between the television industry, the series production team, the mainstream and feminist press, various interest groups and television viewers over competing notions of what women could or could not be, not only on television but in society at large. *Cagney and Lacey*, which aired from 1981 to 1988, was widely recognized as an innovative treatment of working women and developed a large and loyal following. While researching this book, D'Acci had unprecedented access to the set, to production meetings and to the complete production

files including correspondence from network executives publicity firms and thousands of viewers She traces the often heated debates surrounding the development of women characters and the representation of feminism on prime time television shows how the series was reconfigured as a woman s program and investigates questions of female spectatorship and feminist readings Although she focuses on Cagney and Lacey D Acci discusses many other examples from the history of American television     *The Magazine Century* David E. Palumbo,C.W. Sullivan III,2013-08-03 Reversing a common science fiction cliché Farscape follows the adventures of the human astronaut John Crichton after he is shot through a wormhole into another part of the universe Here Crichton is the only human being going from being a member of the most intelligent species on our planet to being frequently considered mentally deficient by the beings he encounters in his new environment John Crichton befriends a group of beings from various species attempting to escape from imprisonment aboard a living spaceship The series which broke many of the so called rules of science fiction follows Crichton s attempts to survive in worlds that are often hostile to him and his friends Their adventures center on each being s attempt to find a way home The essays in this volume explore themes running throughout the series such as good and evil love and sex and what it means to be a hero as well as the various characters populating the series including the villains and even the ship itself
