in harmful drug use     **An Anthropology of Lying** Sylvie Fainzang, 2016-03-09 In the era of health democracy where a patient's right to be informed is not only widely advocated but also guaranteed by law what is the real situation regarding patient information Do patients receive the information that they request with regard to their diagnosis prognosis or treatments And what information do patients themselves give to their doctors Drawing on observational research in hospitals and covering the exchanges between doctors and patients on the subject of cancer treatment and that of other pathologies this book reveals that the practice of telling lies is widespread amongst parties on both sides of the medical relationship With attention to the manner in which information of various types is withheld and the truth concealed on either side of the doctor patient relationship the author explores the boundaries between what is said and what is left unsaid and between those who are given information and those who are lied to Considering the misunderstandings that occur in the course of medical exchanges and the differences between the lies told by doctors and patients An Anthropology of Lying Information in the Doctor Patient Relationship analyses the role of mendacity in the exercise of and resistance to power A fascinating study of the mechanisms at work and social conditions surrounding the accomplishment of lying in medical settings this book casts fresh light on a subject that has so far been overlooked As such it will appeal not only to sociologists and anthropologists of health and medicine but also to medical professionals

*Aesthetics and Ideology in Contemporary Literature and Drama* René Agostini, Madelena Gonzalez, 2015-09-10 The conviction that the development and promotion of the arts humanities and culture through the study of literature and the aesthetic are the fundamental constituents of any progress in society is at the heart of this volume The essays gathered here explore the role of the imagination and aesthetic awareness in an age when the corporatization of knowledge is in the process of transforming literary studies and political commitment is in danger of disappearing behind a supposedly post ideological late capitalist consensus The main focus of the volume is the mutual implication of aesthetics and ideology and the status and value of different types of art within the political arena Challenging issues in contemporary aesthetics are examined within the wider framework of current debates on the disappearance of the real the crisis in representation and the use of new media The wide range of examples collected here stretching from experimental poetry in post war Germany political commitment in twentieth century French theatre and countercultural Rumanian theatre under Ceaușescu to Neo Victorian fiction Verbatim theatre in the UK and political theatre for the masses in Estonia provide unique insights into the intersection of aesthetics and ideology and the practical consequences thereof As such the volume opens up a space for a meaningful engagement with authentic forms of art from inside and outside the Anglosphere and ultimately uses these examples as a platform from which

to imagine some form of aesthethics representing an ideal union of aesthetics and ideology This concept first coined by the French philosopher Philippe Lacoue Labarthe will prove to be relevant both within the parameters of the examples discussed here but also beyond for the contributors to this volume are unanimous in refusing to believe that aesthetics and ideology can exist one without the other and in recognizing the centrality of ethics in any discussion of these notions *Secret et lien*

**Des sociologues et la philosophie** Michel Bassand,Christian Lalive d'Epinay,2006 *Dire, entendre et juger l'inceste*

Collectif,2024-10-18T00:00:00+02:00 Les sociologues et les anthropologues des XIX<sup>e</sup> et XX<sup>e</sup> siècles considéraient l'inceste comme une alliance interdite dans la parenté. Aujourd'hui l'enfance victime cristallise sa représentation : l'inceste est un crime qui renvoie des formes de domination fondées sur le genre et sur l'âge. Pour la première fois cet ouvrage considère ensemble ces deux acceptations de l'inceste. La règle d'alliance et le crime y sont envisagés comme les deux facettes d'une réalité sociale changeante selon les contextes. Plutôt que de se concentrer sur l'occultation et le silence, ce livre porte sur les discours, les pratiques et les significations variables auxquelles l'inceste a donné lieu depuis que le christianisme a établi en Afrique l'interdit en Europe. Quand et pour qui l'inceste est-il un préjudice, un crime, un viol, un trauma ? Comment aujourd'hui passe-t-on de sa suspicion à sa judiciarisation ? Comment en parle-t-on ? Que nous apprennent la clinique et l'expérience individuelle de la façon dont l'inceste est dit et intégré au cours d'une vie traversée par des récits et des témoignages historiés ? Les anthropologues, sociologues, psychanalystes, cliniciens, artistes et littérateurs exposent leurs représentations, leurs pratiques et le traitement de l'inceste d'hier à aujourd'hui. Postface d'Irène Théry, Anne Emmanuelle Demartini est professeure d'histoire contemporaine à l'université Paris 1 Panthéon-Sorbonne.
