Thrésor des remèdes secrets pour les maladies des femmes, pris du latin et fait françois par Jean Liébaut Giovanni Marinelli, 1617 **La Marieuse. Comédie en deux actes** Lambert THIBOUST (pseud. and COURCY (Charles de)), 1866 **Family Secrets and the Psychoanalysis of Narrative** Esther

Rashkin, 2014-07-14 *Family Secrets and the Psychoanalysis of Narrative* is the first book to explore the implications of the psychoanalytic theory of the phantom for the study of narrative literature A phantom is formed when a shameful unspeakable secret is unwittingly transmitted through cryptic language and behavior transgenerationally from one family member to another The haunted individual to whom the encrypted secret is communicated becomes the unwitting medium for someone else's voice and the result is speech and conduct that appear incongruous or obsessive in a variety of ways Through close readings of texts by Conrad Villiers de l'Isle Adam Balzac James and Poe Esther Rashkin reveals how shameful secrets concealed within the unspoken family histories of fictive characters can be reconstructed from their linguistic traces and can be shown not only to drive the characters' speech and behavior but also to generate their narratives First articulated by the French psychoanalysts Nicolas Abraham and Maria Torok the theory of the phantom here represents a radical departure from Freudian Lacanian and other psychoanalytic approaches to literary interpretation In Rashkin's hands it also provides a response to structuralist and poststructuralist critiques of character analysis an alternative to deconstructive strategies of reading and a new vantage point from which to consider problems of intertextuality authorship and the formation and origins of narrative Originally published in 1992 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **La Lancette française**, 1890 [The Secrets of Chateau Femme: Feminized by a Ghost](#) Nikki Crescent, Eric Holliday landed what seemed like a dream job caring for the Chateau Femme through the winter months when Chateau Femme is closed each year The job is going to be perfect solitude relaxation quiet at least that's how it looks on paper But Eric is only alone for a few hours before he gets his reality check The extreme unpredictable storms are constantly knocking out the power and blowing open windows After a single night Eric

is snowed in feeling suddenly claustrophobic in the 24 000 square foot lodge And to make matters worse he s not actually alone he s stuck in that lodge with a ghost He s never been a believer in the paranormal but there s no other way to explain the strange noises the moving objects the piano that keeps playing itself and there s no other way to explain why Eric s personal clothes have disappeared or why girly outfits keep showing up in his little room The ghost seems to want him to dress up like a chick and with nothing else to wear and cold weather blowing into the lodge Eric doesn t have many other options Not to mention who wants to get on a ghost s bad side

Accouchement anonyme et adoption plénière. Une dialectique des secrets CAHEN Michel,2004-02-01 Les pratiques d accouchement et d abandon secrets ont pris en France des formes différentes de la Révolution nos jours Quand la Révolution 1793 voulait plutôt mettre la femme au secret pour la protéger de la vindicte sociale et préserver son lien à l enfant la Troisième République favorisa nettement la mise au secret de l enfant abandonné par la rupture totale de la filiation Plus tard l accouchement sous X 1941 conditionna l octroi de la confidentialité protectrice pour la femme en détresse l abandon anonyme de son enfant À partir des années 60 l accouchement sous X sembla la manière la plus pratique pour permettre des adoptions plénières fondées sur le mensonge et le mimétisme de la filiation biologique au mépris des droits de l enfant et de la mère naturelle
