

Part 1: Design

10 marks

1. **Identify listed issues:** List 3 issues in the given scenario possible design ideas. Identify three ideas, providing as much detail as possible.
2. **Evaluate and design:** Select one idea and identify a design idea and identify a design idea based on the scenario of each scenario's idea.
3. **Design brief:** Write a design brief with detailed specifications for the final design idea, covering issues such as size, materials, safety, and functionality.
4. **Flow chart:** Write a flow chart to present with the design and construction phase, and each issue is a flowchart to outline the steps to be taken.

Part 2: Planning and Making

10 marks

1. **Working drawings:** List 3 issues in the given scenario possible design ideas for an aspect of the plan, using first angle orthographic projection. Draw that you can a suitable scale, correct line types, and dimensions.
2. **Budget:** Prepare a budget for the "final design" solution, including necessary materials and labour costs. Draw that you budget is suitable and based on real market costs.
3. **Model:** Build a scale model of your final design idea. The model should be constructed using real materials and show intelligent use of materials, design practice, safety, when working with tools and materials.

Part 3: Evaluation

10 marks

1. **Evaluation statement:** Write a statement as a team to evaluate the solution. The statement will be used to assess your team's solution and another team's solution. The will use this during the presentation phase.

Part 4: Communication

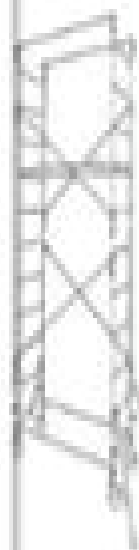

10 marks

1. **Team Presentation:** Teams will present their solution to the "final design" (your teacher and classmates). Each team member must be responsible for presenting a specific aspect of the project. Your presentation should include the design, plan, the budget, the model, and suitable responses.

Mini-PAT

Community Issues – The Contractors

In this Mini-PAT (Practical Assessment Task), you will act as part of a contracting company competing for a contract to design and build a structure that addresses a problem facing a community. The project will focus on identifying a problem, investigating possible solutions, designing a structure, costing the project, and evaluating the final solution. You will be working in a group.

Instructions

Part 1: The Tender Process (including Ethical Practices)

10 marks

1. **Scenario Introduction:** A community lives on a major river's far bank. The river is wide and deep, preventing the people from reaching the city on the opposite side. This means that the people cannot take advantage of the work opportunities, the excellent medical and school facilities, and the wide range of shops available in the city.

2. **Investigation:** Teams discuss possible structures to solve

Delvigne**

Technology Grade 9 Mini Pat 2015:

Industrial Biotechnology Christoph Wittmann, James C. Liao, 2017-03-06 The latest volume in the Advanced Biotechnology series provides an overview of the main product classes and platform chemicals produced by biotechnological processes today with applications in the food healthcare and fine chemical industries Alongside the production of drugs and flavors as well as amino acids bio based monomers and polymers and biofuels basic insights are also given as to the biotechnological processes yielding such products and how large scale production may be enabled and improved Of interest to biotechnologists bio and chemical engineers as well as those working in the biotechnological chemical and food industries

Copyright Class Struggle Hannibal Travis, 2018-10-04 Employing law and philosophy of economics this book explores how copyright shapes ownership of ideas in the social media age

Digital Technologies and Institutions for Sustainable Development Aleksei V. Bogoviz, Elena G. Popkova, 2022-10-11 This book focuses on digital institutions and the advanced technologies used on their basis as well as their contribution to sustainable development in the unity of seventeen SDGs formulated by the UN which is sequentially disclosed in six parts of the book This book is dedicated to comprehensive coverage of the role of the digital economy in sustainable development and the offering of a set of scientific methodological and practical recommendations to increase the scale and effectiveness of this role The first part explores the training of digital personnel for sustainable development the second part reveals the regional features of Russia and the third part describes the industry specifics of using digital technologies in entrepreneurship in support of sustainable development The fourth part deals with financial organizational and managerial issues of using digital technologies in entrepreneurship in support of sustainable development the fifth part is devoted to security international factors and risks and the sixth part deals with the legal framework and state regulation of digital technologies and sustainable development institutions The novelty of the book lies in its reliance on an institutional approach that allows rethinking and systematically studying the contribution of the digital economy to sustainable development The book is aimed at scholars who will find in it an institutional understanding of the digital economy s support for sustainable development and ways to improve it The secondary target audience of the book is the subject of managing the sustainable development of the digital economy For them the book contains relevant and illustrative examples from practice and applied recommendations

Federal Register, 2013-03 Emerging Drug Delivery and Biomedical Engineering Technologies Dimitrios Lamprou, 2023-04-06 This book details the advances in drug discovery and delivery and the present need for emerging technologies Throughout the text new micro and nanofabrication techniques are described including methods such as electrohydrodynamic processes additive manufacturing and microfluidics which have the potential to produce drug delivery systems that were not possible a few years ago This book is of great use to both entry level and experienced researchers in the field of emerging technologies for the manufacturing of drug delivery devices Features Describes technologies that are significantly enhancing the delivery of

drugs and biologics Presents new data on mobile and wearable point of care testing systems Features hot topics such as electrospinning 3D printing and micro needles Focuses on additive manufacturing AM which can be used to provide customized treatment for patients Will appeal to experienced researchers and those considering entering the field of emerging technologies for the manufacturing of drug delivery devices Handbook on Urban Food Security in the Global South Jonathan Crush, Bruce Frayne, Gareth Haysom, 2020-12-25 The ways in which the rapid urbanization of the Global South is transforming food systems and food supply chains and the food security of urban populations is an often neglected topic This international group of authors addresses this profound transformation from a variety of different perspectives and disciplinary lenses providing an important corrective to the dominant view that food insecurity is a rural problem requiring increases in agricultural production **TERI Energy & Environment Data Diary and Yearbook (TEDDY) 2015/16**, 2016-03-15 TERI Energy Environment Data Diary and Yearbook TEDDY is an annual publication brought out by The Energy and Resources Institute TERI since 1986 It is the only comprehensive energy and environment yearbook in India which provides updated information on the energy supply sectors coal and lignite petroleum and natural gas power and renewable energy sources energy demand sectors agriculture industry transport residential and commercial sectors and environment local and global The publication also provides a review of the government policies that have implications for these sectors of the Indian economy Each edition of TEDDY contains India's commercial energy balances for the last four years that provide comprehensive information on energy flows within different sectors of the economy and how they have been changing over time These energy balances and conversion factors are a valuable ready reckoner for researchers scholars and organizations working on energy and related sectors After the introductory chapters for the ease of readers TEDDY has been divided into sections on energy supply energy demand and local and global environment The thirtieth edition of the publication TEDDY 2015 16 comes with several interesting features The Green Focus at the end of each chapter highlights sustainable initiatives and successful practices which are of current interest in the sectors discussed under the sections on energy supply energy demand and local and global environment The publication also features a section that discusses sustainable development goals and air pollution and health Interactive graphs figures maps and tables have been used throughout the chapters to explain facts which make the book an interesting read In addition detailed tables at the end of each chapter represent statistical data on each of the above mentioned sectors The publication is accompanied by a complimentary CD containing full text The publication has more than 15 000 readers across the globe and is often cited in international peer reviewed journals and policy documents Key Features Exhaustive compilation of data from energy supply and demand sectors Recent data along with data for the past years presented in the form of structured and easy to understand tables Recent advances made in the energy sectors are covered in the book Self explanatory figures and graphs showing the latest trends in various sectors are also part of chapters The Green focus section in every chapter highlights a topical issue The book comes with a

complimentary CD that contains all the chapters and additional tables Contents Energy and environment an overview Commercial energy balance tables and conversion factors Energy supply Coal and lignite Petroleum and natural gas Power Renewable energy sources and technologies Energy demand Agriculture Industry Transport Household energy Local and global environment Environment Climate change Energy and environment goals Sustainable development goals and implications for India Air pollution and health **China's Next Strategic Advantage** George S. Yip, Bruce

McKern, 2016-04-08 A book for everyone who does business with China or in China

Next Generation Sequencing (NGS) Technology in DNA Analysis Hirak Ranjan Dash, Kelly M. Elkins, Noora Rashid Al-Snan, 2023-11-30 Next Generation Sequencing NGS Technology in DNA Analysis explains and summarizes next generation sequencing NGS technological applications in the field of forensic DNA analysis The book covers the transition from capillary electrophoresis CE based technique to NGS platforms and the fundamentals of NGS technologies applications and advances Sections provide an overview of NGS technology and forensic science including information on processing biological samples for forensic analysis sequence analysis and data analysis software as well as the analysis of NGS data The book explores the valuable applications of NGS based forensic DNA analysis and covers the validations and interpretation guidelines of NGS workflows With chapter contributions from an international array of experts and the inclusion of practical case studies this book is a useful reference for academicians and researchers in genetics biotechnology bioinformatics biology and medicine as well as forensic DNA scientists and practitioners who aim to learn use apply and validate NGS based technologies Describes the fundamentals of NGS and its advances for forensic applications Explains the transition from CE based technique to NGS technology Includes case studies related to NGS and DNA fingerprinting Explores the future use and applications of NGS technologies

Literacy Assessment and Intervention for Classroom Teachers Beverly A. DeVries, 2023-04-25 The Sixth Edition of this comprehensive resource helps future and practicing teachers recognize and assess literacy problems while providing practical effective intervention strategies to help every student succeed DeVries thoroughly explores all major components of literacy offering an overview of pertinent research suggested methods and tools for diagnosis and assessment intervention strategies and activities and technology applications to increase students skills Substantively updated to reflect the needs of teachers in increasingly diverse classrooms the Sixth Edition addresses scaffolding for English language learners and the importance of using technology and online resources It presents appropriate instructional strategies and tailored teaching ideas to help both teachers and their students The valuable appendices feature assessment tools instructions and visuals for creating and implementing the book s more than 150 instructional strategies and activities plus other resources New to the Sixth Edition Up to date and in line with national state and district literacy standards this edition covers the latest shifts in teaching and the evolution of these standards New material on equity and inclusive literacy instruction understanding the science of reading using technology effectively and reading and writing informational and narrative texts New intervention

strategies and activities are featured in all chapters and highlight a stronger technology component Revamped companion website with additional tools videos resources and examples of teachers using assessment strategies The Earth Observer ,2016

Entrepreneurship John R. Bessant,Joe Tidd,2018-05-29 Successful entrepreneurship requires a specialized mix of innovation drive business acumen and communication an entrepreneur sees the potential and pitfalls in any idea and understands the product the market and the business climate well enough to make smart decisions for the venture This book is designed to go beyond the nuts and bolts of entrepreneurship and help students develop the critical foundation referred to as entrepreneurial thinking Organized to align with the typical flow of development the text allows students to develop their own ideas alongside each lesson Coverage of goals opportunities and resources includes detailed discussion of venture funding financial resources and the relationships needed to get an idea off of the ground subsequent chapters include clear guidance on keeping the momentum going through product development enterprise growth value creation and the evolution of the business model Based on the latest research and providing a truly global perspective this book gives students a comprehensive real world foundation in entrepreneurship today *Practical Urological Ultrasound* Pat F. Fulgham,Bruce R. Gilbert,2020-09-30 Practical Urological Ultrasound has become a primary reference for urologists and sonographers performing urologic ultrasound examinations This third edition is comprised of twenty two chapters including newly added chapters on technical advancements in ultrasound male reproduction ultrasound point of care ultrasound quality assessment and implementation for urologic practices and sonographers in the urologic practice All chapters are fully updated and expanded covering additional literature on further elucidation of Doppler ultrasound principles sonoelastography quantitative evaluation of the clinical causes of ED evaluations of the pelvic mesh implant and its complications developments in multiparametric ultrasound of the prostate and updated protocols in POCUS Written by experts in the field of urology Practical Urological Ultrasound Third Edition continues to serve as an important resource for the novice and a comprehensive reference for the advanced sonographer Working Mother ,2000-10 The magazine that helps career moms balance their personal and professional lives *Thor's Legions* John Fuller,2015-03-30 This book provides insight into the air force weather history from 1937 to 1987 Author John F Fuller recounts the history of the Air Weather Service from World War II to the Vietnam conflict introducing its courageous family of forecasters who provided vital weather support for the nation s armed forces and made notable contributions to the field of meteorology It approaches controversial events leading up to the D Day Hiroshima and Nagasaki forecasts I d rate the book agem as a reference book especially for weather historians H Michael Mogil NWA June 6 1944 Encyclopedia of Computer Graphics and Games Newton Lee,2024-01-10 Encyclopedia of Computer Graphics and Games ECGG is a unique reference resource tailored to meet the needs of research and applications for industry professionals and academic communities worldwide The ECGG covers the history technologies and trends of computer graphics and games Editor Newton Lee Institute for Education Research and Scholarships Los

 Querques, 2020-12-07 The recent introduction of optical coherence tomography angiography OCTA has remarkably expanded
 the knowledge of different retinal chorioretinal and optic disc disorders OCTA is nowadays often used as a routine exam in
 clinical practice which has significantly modified the approach to patients granting the opportunity to easily and
 noninvasively investigate the retinal and choroidal circulation Major experts in posterior eye imaging share in this
 publication their experiences images and ideas using OCTA in various contexts including age related macular degeneration
 diabetic retinopathy and retinal dystrophies thus providing an in depth overview of the latest knowledge in this field

Atlas of Knowledge Katy Borner, 2015-03-20 The power of mapping principles for visualizing knowledge illustrated by
 many stunning large scale full color maps Maps of physical spaces locate us in the world and help us navigate unfamiliar
 routes Maps of topical spaces help us visualize the extent and structure of our collective knowledge they reveal bursts of
 activity pathways of ideas and borders that beg to be crossed This book from the author of Atlas of Science describes the
 power of topical maps providing readers with principles for visualizing knowledge and offering as examples forty large scale
 and more than 100 small scale full color maps Today data literacy is becoming as important as language literacy Well
 designed visualizations can rescue us from a sea of data helping us to make sense of information connect ideas and make
 better decisions in real time In Atlas of Knowledge leading visualization expert Katy B rner makes the case for a systems
 science approach to science and technology studies and explains different types and levels of analysis Drawing on fifteen
 years of teaching and tool development she introduces a theoretical framework meant to guide readers through user and task
 analysis data preparation analysis and visualization visualization deployment and the interpretation of science maps To
 exemplify the framework the Atlas features striking and enlightening new maps from the popular Places Spaces Mapping
 Science exhibit that range from Key Events in the Development of the Video Tape Recorder to Mobile Landscapes Location

Data from Cell Phones for Urban Analysis to Literary Empires Mapping Temporal and Spatial Settings of Victorian Poetry to Seeing Standards A Visualization of the Metadata Universe She also discusses the possible effect of science maps on the practice of science **Corrosion in the Petrochemical Industry, Second Edition** ,2015-12-01 Originally published in 1994 this second edition of Corrosion in the Petrochemical Industry collects peer reviewed articles written by experts in the field of corrosion that were specifically chosen for this book because of their relevance to the petrochemical industry This edition expands coverage of the different forms of corrosion including the effects of metallurgical variables on the corrosion of several alloys It discusses protection methods including discussion of corrosion inhibitors and corrosion resistance of aluminum magnesium stainless steels and nickels It also includes a section devoted specifically to petroleum and petrochemical industry related issues *Continuous Biomanufacturing in Microbial Systems* Christoph Slouka,Christoph Herwig,Peter Neubauer,Frank Delvigne,2021-07-29 Christoph Herwig is founder of Exputec GmbH

Whispering the Secrets of Language: An Mental Quest through **Technology Grade 9 Mini Pat 2015**

In a digitally-driven earth where displays reign great and quick connection drowns out the subtleties of language, the profound strategies and psychological subtleties hidden within words often go unheard. However, situated within the pages of **Technology Grade 9 Mini Pat 2015** a interesting literary treasure pulsing with raw thoughts, lies an exceptional journey waiting to be undertaken. Penned by a skilled wordsmith, this marvelous opus attracts visitors on an introspective trip, gently unraveling the veiled truths and profound affect resonating within the cloth of every word. Within the mental depths of this touching review, we can embark upon a sincere exploration of the book is key themes, dissect its charming writing style, and yield to the effective resonance it evokes serious within the recesses of readers hearts.
