Tigrinya-English dictionary Thomas Leiper Kane, 2000 *An African People's Quest for Freedom and Justice* Alemseged Tesfai, 2025-03-06 Like its African neighbours Eritrea attained colonial statehood under a European power in this case Italy Yet during decolonisation its people were singularly excluded from the right to self determination for external reasons superpower rivalry over the country's strategic position on the Red Sea a mistaken notion of irreconcilable sectarian differences within Eritrea's population invoked in order to brand it a society unfit for statehood and Ethiopia's imperial claim based on mythical historical connections The Ethiopian call for Eritrea's return supported by the UK and the US sealed its fate at the international level First in the early 1950s the UN General Assembly federated Eritrea as an autonomous unit under Ethiopian sovereignty a decade later Addis Ababa annexed it as a province in neither case was the population consulted sparking a liberation war This vital book traces the genesis of the Eritrean independence struggle through hitherto unexplored local sources both written and oral analysed against the rather scanty existing literature on this period Alemseged Tesfai refocuses the narrative on the actions reactions and expectations of a relatively small nation in both size and population as it set out to right an international wrong imposed by the Great Powers of the day
