Under Conrad's Eyes Michael John DiSanto,2009-04-01 Joseph Conrad s novels are recognized as great works of fiction but they should also be counted as great works of criticism A voracious reader throughout his life Conrad wrote novels that question and transform the ideas he encountered in non fiction novels and scientific and philosophic works Under Conrad s Eyes looks at Conrad s revaluations of some of his important nineteenth century predecessors Carlyle Darwin Dickens George Eliot Dostoevsky and Nietzsche Detailed readings of works

from *Heart of Darkness* to *Victory* explore Conrad's language and style focusing on questions regarding the will to know and the avoidance of knowledge the potential harmfulness of sympathy and the competing instincts for self preservation and self destruction Comparative analyses show how Conrad transforms aspects of *Bleak House* into *The Secret Agent* and *Middlemarch* into *Nostromo* Especially compelling are explorations of Conrad's ambivalence towards Carlyle's faith in work and hero worship as rejuvenators of English culture and his views on Nietzsche's assault on Christianity This important new study of a novelist of profound contemporary relevance demonstrates how Conrad exemplifies the artist as critic while challenging both the categories we impose on texts and the boundaries we erect between literary periods Official Gazette of the United States Patent and Trademark Office ,2002
