Calgary, The Seat of the Antichrist Erika Grey, 2010-02-15 The Seat of The Antichrist Bible Prophecy and The European Union identifies the European Union as the final world empire and explains what Bible Prophecy predicts will occur in the end times. The reader discovers the relationship between Bible Prophecy, the European Union and today's current affairs. The Seat of the Antichrist details the European Union's history and institutional structure and shows how it aligns with Bible Prophecy. Bible Prophecy comprises one third of the Bible. The Bible's last book, The Revelation, predicts the events leading to the end of the world. It provides the details for the Tribulation which occurs during a seven-year period of wars, plagues, earthquakes and calamities which end in the battle of Armageddon. Part of the earth's judgments happen through a leader who rises to power from the final world empire predicted in Bible Prophecy. Evangelical Christians customarily refer to this leader as The Antichrist. The Seat of the Antichrist is the first book dealing with Bible Prophecy which shows prophecy's relation in the present geopolitical framework and in doing so dismisses end-time conspiracy theories which Bible Prophecy works often rely on. No book dealing with Bible Prophecy provides such in-depth analysis and extensive research as The Seat of the Antichrist Bible Prophecy and The European Union which presents the reader with a gripping riveting expose. **VIVA Travel Guides** Crit Minster Phd, 2008 Viva members around the world contribute to the travel guides creation and updating. Crisis in Korea Tim Beal, 2011-08-04 The South Korean warship Cheonan was sunk in mysterious circumstances on 26 March 2010 The remarkable events that followed are analysed by Tim Beal and woven into a larger study of the increasingly volatile relations between North and South Korea and US concern about the rise of China South Korea's stance towards the North has hardened significantly since the new conservative government came to power Beal argues that the South moved quickly to use the sinking of the Cheonan to put international pressure on the North even before the cause of the sinking had been established The US followed suit by attempting to pressurise China into condemning North Korea The media reports at the time presented an open and shut case of unprovoked North Korean aggression but the evidence points towards the accidental triggering of a South Korean mine as the cause and South Korean fabrication to incriminate the North With the South bent on forcing the fall of the North's regime with US help and China unlikely to stand idly by this book offers an essential guide to the key factors behind the crisis and possible solutions
