Research and Language Pedagogy Rod Ellis, 2012-03-27 This book examines current research centered on the second language classroom and the implications of this research for both the teaching and learning of foreign languages. It offers illuminating insights into the important relationship between research and teaching and the inherent complexities of the teaching and learning of foreign languages in classroom settings. Offers an accessible overview of a range of research on instruction and learning in the L2 classroom. Bridges the relationship between research teachers and learners. Helps evolve the practice of dedicated current language teachers with research findings that suggest best practices for language teaching.

Second Language Acquisition Susan M. Gass, Larry Selinker, 2008-01-31 A clear and accessible introductory textbook on second language acquisition research focusing on methodological issues. L1 influence theories of second language research. Interlanguage issues. L2 input. Nonlinguistic factors affecting L2 acquisition. Instructed SLA and the role of the lexicon. It is intended for UG or G students who have little or no background in SLA research but do have a basic grounding in general linguistics. Each chapter has exercises and a list of references.

Exploring Language Pedagogy Through Second Language Acquisition Research Rod Ellis, Natsuko Shintani, 2014 The books in this series take an innovative practice to theory approach with a back to front structure. This leads the reader from real world problems and issues through a discussion of intervention and how to engage with these concerns before finally relating these practical issues to theoretical foundations.

Exploring the Basics of Second Language Acquisition. A Review of Rod Ellis's Pioneering Guide for Novice Language Instructors Belyihun Muchie, 2024-04-03 Literature Review from the year 2024 in the subject English Language and Literature Studies. Linguistics language English abstract. The objective of this review is to provide a comprehensive overview of Rod Ellis's 1997 publication *Second Language Acquisition* part of the Oxford Introductions to Language Study series. This book targets novice language instructors offering them a foundational and accessible introduction to the field of Second Language Acquisition. SLA. Ellis, a distinguished scholar in SLA and foreign language education, leverages his extensive experience through a consistent organizational structure across ten chapters. Each chapter employs a survey approach presenting a concise overview of the main themes, fundamental principles, and key concepts within a specific area of SLA. The inclusion of relevant readings, excerpts from specialized SLA literature, and a glossary of technical terms ensures that readers are not only introduced to basic concepts but also guided towards more advanced scholarly resources. This comprehensive approach ensures a clear and well-structured learning experience for newcomers to SLA.

Interfaces and Features in Second Language Acquisition Jia Wang, 2023-02-11 This book presents comprehensive and rigorous research on the acquisition of Chinese negation by L1 English and L1 Korean learners within the theoretical framework of the Interface Hypothesis and the Feature Reassembly Hypothesis The results from grammaticality judgment data N 182 and learner corpus data overall scale 15 19 million characters reveal multiple factors contributing to the variability in L2 acquisition at the interfaces involved with Chinese negative structures including L1 influence the quantity input frequency and the quality of the target input input consistency and regularity as well as L2 proficiency These factors also underlie the detectability and reassembly of the realis features encoded with *bu* and *mei* the two primary negation markers in Mandarin Chinese in different licensing contexts Task modality written vs aural seems to play a role in L2 learners access to explicit and implicit knowledge about Chinese negation but the effect of task modality is constrained by other factors such as structural feature complexity L2 proficiency and L1 L2 similarity The approach of employing both elicited experimental data and authentic learner corpus data furnishes new evidence for the acquisition Chinese negation by L2 learners The findings of this study are of significance to the examination of the Interface Hypothesis and the Feature Reassembly Hypothesis in generative oriented SLA research

Production-oriented and Comprehension-based Grammar Teaching in the Foreign Language Classroom Anna Mystkowska-Wiertelak, Mirosław Pawlak, 2012-03-02 The book addresses one of the key controversies in teaching foreign language grammar which is the utility of production oriented instruction as exemplified in the PPP sequence and comprehension based teaching as

implemented in interpretation tasks and processing instruction. It provides a thorough overview of issues related to learning and teaching grammar with a particular focus on input oriented approaches and reports the findings of four studies which sought to compare their effects with instruction based on different forms of output practice. The findings serve as a basis for guidelines on how the two options can be successfully combined in the classroom.

Applying Cognitive Grammar in the Foreign Language Classroom Jakub Bielak, Mirosław Pawlak, 2013-01-12. The monograph constitutes an attempt to demonstrate how Cognitive Grammar (CG) can be employed in the foreign language classroom with a view to aiding learners in better understanding the complexities of English grammar. Its theoretical part provides a brief overview of the main tenets of Cognitive Grammar as well as illustrating how the description of English tense and aspect can be approached from a traditional and a CG perspective. The empirical part reports the findings of an empirical study which aimed to compare the effects of instruction utilizing traditional pedagogic descriptions with those grounded in CG on the explicit and implicit knowledge of the Present Simple and Present Continuous Tenses. The book closes with the discussion of directions for further research when it comes to the application of CG to language pedagogy as well as some pedagogic implications.

The Routledge Handbook of Second Language Acquisition and Individual Differences Shaofeng Li, Phil Hiver, Mostafa Papi, 2022-05-30. The Routledge Handbook of Second Language Acquisition and Individual Differences provides a thorough in depth discussion of the theory, research and pedagogy pertaining to the role individual difference (ID) factors play in second language acquisition (SLA). It goes beyond the traditional repertoire and includes 32 chapters covering a full spectrum of topics on learners' cognitive, conative, affective and demographic/sociocultural variation. The volume examines IDs from two perspectives: one is how each ID variable is associated with learning behaviors, processes and outcomes; the other is how each domain of SLA such as vocabulary or reading is affected by clusters of ID variables. The volume also includes a section on the common methods used in ID research including data elicitation instruments such as surveys, interviews and psychometric testing as well as methods of data analysis such as structural equation modeling. The book is a must read for any second language researcher or applied linguist interested in investigating the effects of IDs on language learning and for any educator interested in taking account of learners' individual differences to maximize the effects of second language instruction.

Implicit and Explicit Knowledge in Second Language Learning, Testing and Teaching, 2009-06-19. Implicit/explicit knowledge constitutes a key distinction in the study of second language acquisition. This book reports a project that investigated ways of measuring implicit/explicit L2 knowledge, the relationship between the two types of knowledge and language proficiency and the effect that different types of form-focused instruction had on their acquisition.

SLA Research and Materials Development for Language Learning Brian Tomlinson, 2016-05-20. SLA Research and Materials Development for Language Learning is the only book available to focus on the interaction between second language acquisition theory and materials development for language learning. It consists of contributions written by experts
