warming account of the highs and lows of life as a vet by lovable TV star Rory Cowlam Rory Cowlam otherwise known as

Rory the Vet has had a passion for animals for as long as he can remember. As a young boy growing up in the countryside he fell in love with the creatures that could be found both at home and in the neighbouring farms and fields. There was never any doubt in his mind as to what he wanted to do when he grew up. Now Rory's dreams of becoming a vet are a reality. He works in a busy London practice where his honest and emotional relationships with the animals and their owners have made him the relatable and approachable face of veterinary work. But as Rory describes here with a mixture of his trademark openness and humour what he couldn't have known as a small boy with his heart set on becoming the next James Herriot was what becoming a vet really entails. In an era when doctors and nurses are talking more openly about the realities of saving human lives, Rory shows what a vital service vets offer in caring for the animals that often form the very heart of the household. He describes the demanding experience of veterinary school and offers a very human take on what it's like to treat animals and the little talked about mental health implications that this pressured life or death industry holds. This is a frank and heart warming account of chasing a childhood dream and learning to love the reality.

[Sea turtles in the Mediterranean : Distribution, threats and conservation priorities](#) Paolo Casale, 2010. *Faulks on Fiction (Includes 4 FREE Vintage Classics): Great British Characters and the Secret Life of the Novel* Sebastian Faulks, 2011-01-27. The publication of Robinson Crusoe in London in 1719 marked the arrival of a revolutionary art form: the novel. British writers were prominent in shaping the new type of storytelling, one which reflected the experiences of ordinary people with characters in whom readers could find not only an escape but a deeper understanding of their own lives. But the novel was more than just a reflection of British life. As Sebastian Faulks explains in this engaging literary and social history, it also helped invent the British. By focusing not on writers but on the people they gave us, Faulks not only celebrates the recently neglected act of novelistic creation but shows how the most enduring fictional characters over the centuries have helped map the British psyche through heroes from Tom Jones to Sherlock Holmes, lovers from Mr Darcy to Lady Chatterley, villains from Fagin to Barbara Covett, and snobs from Emma Woodhouse to James Bond. Also included in this fantastic ebook package are four free classic novels: Robinson Crusoe by

Daniel Defoe The legendary story of a marine adventurer shipwrecked on a desert island Pride and Prejudice by Jane Austen Accomplished Elizabeth Bennett must navigate a web of familial obligations and social expectations in this witty drama of friendship rivalry enmity and love Great Expectations by Charles Dickens Pip s life as an ordinary country boy is destined to be unexceptional until a chain of mysterious events lead him away from his humble origins and up the social ladder The Woman in White by Wilkie Collins Marian and her sister Laura live a quiet life under their uncle s guardianship until Laura marries Sir Percival Glyde a man of many secrets Can she be protected from a mysterious and potentially fatal plot
