We've spent years evaluating the methods of the PTCB exam in order to create our study guide. We also noticed an increase in the pass rate of people who used our guide when compared to people who used other guides. Most companies would stop there BUT WE DIDN'T. We started on the long process of pouring over data to find out where our study guide fell short and where we can improve. We refined our study guide to target those weak areas that most people struggle with every year on the exam.
