Severance Jamyang Gonpo,2025-07-22 An ancient Buddhist guide to confronting difficult circumstances and letting go of clinging to the ego Severance or Cho is the Tibetan Buddhist practice of facing one s fears In three remarkable texts lucidly translated and introduced by Sarah Harding the thirteenth century Severance master Jamyang Gonpo shares advice that goes straight to the heart of both understanding and experiencing the practice For hundreds of years Severance has remained essentially an instruction on coping with stressful situations that provoke fear and beyond that a way to actively seek out such circumstances in order to test one s realization of perfect wisdom The single overall directive of the first two texts in this volume the Heart Essence of Profound Meaning root verses and their commentary The Big General Guide to Severance is to seek out and directly confront difficult circumstances Here these difficulties are often anxieties related to

spirits in the dark of night in haunted places This practice acts as a means to recognize emptiness the lack of intrinsic existence of all phenomena as well as a testing ground of one's former realizations and studies of that emptiness from the Perfection of Wisdom The texts are notable for their lack of instruction on ritualized Severance involving body sacrifice which later works emphasize in these texts the heart of Severance is letting go of clinging to the self and reification of existence And as Jamyang Gonpo was just a generation removed from Machik Labdron the main progenitor of Severance his methods seem to be closest to her actual teachings The third translation in this volume The Seven Day Severance Retreat Experiential Guide is a very concise and precise instruction on putting the main intentions of the teachings into practice in the setting of a one week retreat The instructions are striking in that they contain no rituals visualizations deities instruments or liturgies Jamyang Gonpo shows us how to turn our attention to the very mind of this person who is experiencing fear and the object of that fear whether fear about demons or sickness or suffering to see them for what they are In doing so we find that joys and sorrows highs and lows powers of gods and demons and demonic obstacles are all mind made
