increasingly relevant issue of scholarship on music censorship and thus contributes to a detailed understanding of the phenomenon. Often words and semantic meaning are held to be determining to the restrictions on musicians and singers but as this collection documents the reasons for censorship might not always be found in verbal messages. Rather the positioning of a more broad understanding of why and how music can convey meaning and accordingly trigger censorship and bans is at the heart of this work. The complexity of music censorship includes historical structural as well as emotional listenings and interpretations of sound. The topic accordingly is political as well as scholarly urgent.

The Gulag Archipelago, 1918-1956 Aleksandr I. Solzhenitsyn, 1997-01-30 The Gulag Archipelago is Solzhenitsyn's attempt to compile a literary historical record of the vast system of prisons and labor camps that came into being shortly after the Bolsheviks seized power in Russia in 1917 and that underwent an enormous expansion during the rule of Stalin from 1924 to 1953. Various sections of the three volumes describe the arrest interrogation conviction transportation and imprisonment of the Gulag's victims by Soviet authorities over four decades. The work mingles historical exposition and Solzhenitsyn's own autobiographical accounts with the voluminous personal testimony of other inmates that he collected and committed to memory during his imprisonment. Upon publication of the first volume of *The Gulag Archipelago* Solzhenitsyn was immediately attacked in the Soviet press. Despite the intense interest in his fate that was shown in the West he was arrested and charged with treason on February 12, 1974 and was exiled from the Soviet Union the following day.
