

The background of the cover is a composite of microscopic images of blood components. In the upper half, there are several red blood cells (erythrocytes) of varying sizes and orientations, some appearing as bright red discs. Below this, a dark horizontal band contains the title. The lower half features a large, detailed image of a white blood cell (leukocyte) with a multi-lobed purple nucleus and a granular cytoplasm. To the left of the leukocyte is a cluster of small, pink, irregularly shaped cells, possibly platelets or a different type of white blood cell. The overall color palette is dominated by reds, purples, and dark tones.
