ignoring or avoiding. They recognize that the crowd is often wrong and that exceptional returns can be achieved by going against the grain and embracing unpopular investment strategies. This book provides a deep dive into the psychology of contrarian investing, exploring the mindset and characteristics that successful contrarian investors possess. It also offers practical guidance on how to identify contrarian investment opportunities, overcome the challenges of contrarian investing, and implement different contrarian strategies. With case studies of successful contrarian investors, this book brings to life the principles and techniques discussed throughout the chapters. These case studies showcase real-world examples of how contrarian investors have achieved remarkable returns by investing against the crowd. Whether you are a seasoned investor looking to expand your investment horizons or a beginner seeking a fresh perspective, this book is an invaluable resource. It provides a comprehensive understanding of contrarian investing and equips readers with the knowledge and tools they need to navigate the markets and make informed investment decisions. Embrace the power of contrarian investing and unlock the potential for exceptional returns. Challenge conventional wisdom, think independently, and discover the hidden opportunities that lie beyond the mainstream. With this book as your guide, you will gain the confidence and skills to become a successful contrarian investor. If you like this book, write a review.

Investment Analysis & Portfolio Management Frank K.

Reilly, Keith C. Brown, Brindha Gunasingham, Asjeet Lamba, Dr Frank Elston, 2019-11-19. This first Asia Pacific edition of Reilly Brown's *Investment Analysis and Portfolio Management* builds on the authors' strong reputations for combining solid theory with practical application and has been developed especially for courses across the Australia, New Zealand, and Asia Pacific regions. The real-world illustrations and hands-on activities enhance an already rigorous empirical approach to topics such as investment instruments, capital markets, behavioural finance, hedge funds, and international investment. The text also emphasises how investment practice and theory are influenced by globalisation.
