TeeJay 5-14 Mathematics Level EFT Textbook Tom Strang, James Geddes, James Cairns, 2006-08-12 This book is used by children in Secondary school who have already attempted Level E in Primary but may have struggled with the content and require a second bite at it. It also follows on from our Book D. Again it is brightly coloured, full of clip art and covers the entire content of the Level E course. With pupils who have already gained a Level D in Primary 7 or S1. With Pupils who have partially progressed through the Level E Textbook in Primary or in S1. As an alternative for those pupils who had been tested at level E and require a second bite at it. As a Fast Tracking course for those brighter pupils in S1 or S2 who would cope with the accelerated pace it provides. It can be used to condense the S1 2 course into a ONE year course for those pupils who had already gained a National Test level D in Primary or early Secondary. It should prepare pupils to sit maths level E national test or equivalent in 1 year. There are no A and B exercises. It basically covers the entire Level E course without the teacher having to pick and choose which questions to leave out and which exercises are important. They all are. Unlike other commercial resources out at present or in production it will cover the important work of level E in ONE textbook. It should prove to be an invaluable aid to the fast tracking of pupils in S1 2 and allow them to begin their Credit or Intermediate 2 course at the beginning of S2 or at the latest by Christmas time. It contains a 4 page Chapter Zero which primarily revises every topic at level D and can be used as a diagnostic tool. This could be followed by a diagnostic assessment of the work of Level D. See downloads. Non calculator skills are emphasised and encouraged throughout the book. Each chapter will have a What Have I Learned exercise as a summary. The Level E Textbook Homework Assessment Pack.

which was written to accompany our earlier Level E Textbook can still be used to consolidate the work of this Level EFT book

TeeJay Intermediate 1 Mathematics Tom Strang, James Geddes, James Cairns, 2007-08-12 This book was initially written to cover the S5 Intermediate 1 course which was an alternative to the S3 4 General course but is now also being used with pupils in S3 4 and even with those in S2 and a precursor to starting the Intermediate 2 Credit or CfE National 5 course in S3 Again it is bright and encouraging contains assessments along the way and includes a specimen exam paper It is in full colour It contains many graded examples for pupils practice allowing them to hopefully build up their confidence The book contains a Chapter 0 revising primarily the entire content of S4 Level D Each chapter contains a What have I learned exercise Each unit Maths 1 2 and 3 has a revision section and a specimen NAB Non calculator exercises included in each unit On going cumulative home exercises built into the course as a further means of consolidation A Specimen Intermediate Paper 1 and Paper 2 is included at the end of the book Books are double stitch bound for strength and durability Very reasonably priced at 9.45 per book A Homework Assessment pack is also available
