Saturday Review of Literature ,1971 **American Warplanes of WWII** , **When Britain Saved the West** Robin  
Prior,2015-01-01 How Britain standing alone persevered in the face of near certain defeat at the hands of Nazi Germany  
From the comfortable distance of seven decades it is quite easy to view the victory of the Allies over Hitler s Germany as  
inevitable But in 1940 Great Britain s defeat loomed perilously close and no other nation stepped up to confront the Nazi  
threat In this cogently argued book Robin Prior delves into the documents of the time war diaries combat reports Home  
Security s daily files and much more to uncover how Britain endured a year of menacing crises The book reassesses key  
events of 1940 crises that were recognized as such at the time and others not fully appreciated Prior examines Neville  
Chamberlain s government Churchill s opponents the collapse of France the Battle of Britain and the Blitz He looks critically  
at the position of the United States before Pearl Harbor and at Roosevelt s response to the crisis Prior concludes that the  
nation was saved through a combination of political leadership British Expeditionary Force determination and skill Royal Air  
Force and Navy efforts to return soldiers to the homeland and the determination of the people to fight on in spite of all terror  
As eloquent as it is controversial this book exposes the full import of events in 1940 when Britain fought alone and Western  
civilization hung in the balance **Fighting Cockpits** Donald Nijboer,2023-08-17 What was it like to sit in the pilot s seat
