Human Resource Management in Mexico - 2nd Edition Pramila Rao, 2015-01-01. The main objective of this book is to provide students, scholars, and practitioners a detailed background on the human resource management (HRM) practices in Mexico. This book provides ten distinguishing chapters that focus on the core functions of HRM in Mexico. The book took almost a year, Oct 2013 to Aug 2014, to complete. Scholarly and institutional databases were diligently searched for relevant articles for each chapter. This book has 27 tables that provide important information on key current concepts. There are two appendices providing valuable information on Mexican staffing practices.
