**The Taming of Coyote** Ravyn Karasu,2014-10-30 What would you think if everyone told you that coyotes were like the boogeyman For Sonya that is a claim she has heard her entire life Her village of Tyrn is said to be cursed by an angry forest spirit that uses coyotes to exact revenge For as long as she could remember coyotes have been seen as deadly demons but the free spirited child had barely eve seen one during her playful days in the woods let alone in the village This all changed one day when a coyote made an appearance on her farm From that moment Sonya finds herself thrown into controversy that eventually leads to her coming face to face with the very devil her village has feared for so long What he tells her though will change everything that Sonya has ever known and believed about the village of Tyrn Coyote Catherine Reid,2005-11-09 A beautifully written tribute to this tenacious and much misunderstood creature of the wild Bill McKibben When Catherine Reid returned to the Berkshires to live after decades away she became fascinated by another recent arrival the eastern coyote This species which shares some lineage with the wolf exhibits remarkable adaptability and awe inspiring survival skills In fact coyotes have been spotted in nearly every habitable area available including urban streets New York s Central Park and suburban backyards Settling into an old farmhouse with her partner Reid felt compelled to learn more about this outlaw animal Her beautifully grounded memoir interweaves personal and natural history to comment on one of the most dramatic wildlife stories of our time With great appreciation for this scrappy outsider and the ecological concerns its presence brings to light Reid suggests that we all need to forge a new relationship with this uncannily intelligent species in our midst More than a book about nature a narrative about home and family and about human attitudes toward the wild and unfamiliar The Boston Globe A captivating read worthy of joining the pantheon of literary ecological writing Booklist Enlightening a heartfelt often poetic case for coexistence between humans and the wild Publishers Weekly Ecology of the Coyote in the Yellowstone Adolph Murie,1940 Waiting for Coyote's Call Jerry Wilson,2008 hardcover with dust jacket eight page color insert bibliography index The Tame and the Wild Marcy Norton,2024-01-09 Marcy Norton tells a new history of the European colonization of the Americas one that places wildlife and livestock at the center of the story She reveals that it was above all the encounters between European and Native American beliefs about animal life that transformed societies on both sides of the Atlantic **The Autobiography of a Tame Coyote** Madge Morris Wagner,1921 **A Preliminary Survey of Faunal Relations in National Parks** George Melendez Wright,Joseph Scattergood Dixon,Benjamin Hunter Thompson,1933 *Transplanting Trees and Other Woody Plants* Adolph Murie,United States.
