

The background of the book cover is a vibrant, abstract composition. It features a dense array of colors including magenta, orange, yellow, green, and purple, which are blended together in a painterly style. Overlaid on this colorful field are numerous thick, black, expressive brushstrokes of varying lengths and directions, creating a sense of movement and depth. The overall effect is reminiscent of a modern abstract painting or a digital collage.

Canonical Misogyny Nora J. Williams, 2024-12-31 If misogyny is a systemic problem then in order to understand its influence on canonical works like Shakespeare's those works must be investigated at their systems level in other words at the level of their dramaturgies This landmark study arises from an eight year practice as research PaR investigation of sexual violence and rape culture through Shakespeare's Measure for Measure Moving between analytical and critical reflective voices and prioritising knowledge arising from and questions generated by the author's embodied investment in this PaR work Canonical Misogyny focuses on dramaturgy as a site of ideology and meaning making It seeks to address the ways in which contemporary theatre allows producers of Shakespeare to represent gendered violence in unethical and irresponsible ways It also demonstrates how failures to make meaningful dramaturgical interventions in early modern plays result in the tacit or even explicit glorifying and or trivialising of their problematic approaches to consent and agency which intersects with questions of race gender sexuality and class *The Routledge Companion to Theatre and Young People* Selina Busby, Kelly Freebody, Charlene Rajendran, 2022-10-31 This companion interrogates the relationship between theatre and youth from a global perspective taking in performances and theatre made by for and about young people These different but

interrelated forms of theatre are addressed through four critical themes that underpin the ways in which analysis of contemporary theatre in relation to young people can be framed political utterances exploring the varied ways theatre becomes a platform for political utterance as a process of dialogic thinking and critical imagining critical positioning examining youth theatre work that navigates the sensitive dynamic and complex terrains in which young people live and perform pedagogic frames outlining a range of contexts and programmes in which young people learn to make and understand theatre that reflects their artistic capacities and aesthetic strategies applying performance discussing a range of projects and companies whose work has been influential in the development of youth theatre within specific contexts Providing critical research informed and research based discussions on the intersection between young people their representation and their participation in theatre this is a landmark text for students scholars and practitioners whose work and thinking involves theatre and young people
