Brand, Meet Story Heather Pemberton Levy,2016-10-04 Think of the last great article you read or the last great speech you heard Chances are if you remember one key message you also remember one compelling story That's because the best content starts with a story When it comes to marketing the best business content starts with a story the audience cares about not the brand's message about what it wants to sell them In Brand Meet Story Heather Pemberton Levy describes the Story Comes First method a practical approach that combines techniques from journalism and fiction writing to help brands tell

stories that put the readers interests first Whereas most brand marketers create content to sell their product service or technology the Story Comes First method turns this approach on its head to create content with the human moments that truly engage an audience Filled with examples from Levy s experience creating content marketing programs trade books and hundreds of articles for a variety of B2B and B2C brands the book shows readers a step by step approach to create content designed to deliver business results Brand Meet Story explains the key ways to uncover what your audience cares about and how to turn brand messaging into stories that matter Levy inspires readers to develop a compelling voice that will carry the brand tone and values across all channels and helps them turn their ideas into engaging story driven content their audiences will read love and share
