### **The Text In The Middle Studies In Biblical Literature:**

*The Serpent in Samuel* Brian A. Verrett, 2020-02-17 In this study Brian A Verrett argues that 1 2 Samuel contains a serpent motif by practicing biblical theology and literary criticism This motif derives from the serpent in Genesis 3 and its function within the Samuel narrative is to heighten the reader's anticipation in the coming messiah who is the son of David and the seed of the woman from Genesis 3 15 This messiah will defeat the serpent and inaugurate his glorious reign over a renewed world When 1 2 Samuel is read in this way one appreciates previously unnoticed features of the text understands aspects of the text that were formerly confusing and rightly sees that the whole of 1 2 Samuel is a messianic document

Invitation to Biblical Theology Jeremy M. Kimble, Ched Spellman, 2020-06-30 Invitation to Biblical Theology provides a thorough overview of biblical theology that is accessible for those new to the topic but substantial enough for advanced study Defining biblical theology as the study of the whole Bible on its own terms Jeremy Kimble and Ched Spellman begin with a brief history of the discipline followed by a survey of contemporary approaches They then lay out their own approach built on the framework of the canon the covenants and Christ Taking God's plan of redemption in Christ as the uniting theme of Scripture Kimble and Spellman survey the grand storyline of the Bible from Genesis to Revelation showing how each division of the canon moves the overarching story forward The following ten chapters survey central and recurring themes of Scripture including kingdom worship Messiah and atonement God's glory and mission The authors conclude with reflections on how biblical theology can serve the church as well as the academy

**Studies on the Text of the New Testament and Early Christianity** Daniel Gurtner, Juan Hernández, Jr., Paul Foster, 2015-09-29 The collection of essays focuses on the twin areas of research undertaken by Prof Michael W Holmes These are the sub disciplines of textual criticism and the study of the Apostolic Fathers The first part of the volume on textual criticism focuses on issues of method the praxis of editing and collating texts and discussions pertaining to individual variants The second part of the volume assembles essays on the Apostolic Fathers There is a particular focus on the person and writings of Polycarp since this is the area of research where Prof Holmes has worked most intensively

**The Text in the Middle** Michael B. Shepherd, 2014 Analysis of inner biblical exegesis ordinarily involves examination of the intertextual relationship between two texts within the biblical corpus But in many cases there is an often overlooked intertext that serves as a bridge between the two texts Such an intermediary text reads the primary text in a manner similar to the way the tertiary text reads it and supplies a missing link in a very subtle yet identifiable manner The direction of dependence between texts of this kind is not as important in the present study as the direction in which these texts were meant to be read by those who gave them their final shape

**The Text of the New Testament in Contemporary Research** Bart D. Ehrman, Michael W. Holmes, 2012-11-09 The Text of the New Testament in Contemporary Research provides up to date discussions of every major aspect of New Testament textual criticism Written by internationally acknowledged experts the twenty four essays evaluate all significant advances in the field since the 1950s

**Methods for Exodus** Thomas B. Dozeman, 2010-03-08 *Methods for Exodus* is a textbook on biblical methodology. The book introduces readers to six distinct methodologies that aid in the interpretation of the book of Exodus: literary and rhetorical genre, source and redaction, liberation, feminist, and postcolonial criticisms. Describing each methodology, the volume also explores how the different methods relate to and complement one another. Each chapter includes a summary of the hermeneutical presuppositions of a particular method with a summary of the impact of the method on the interpretation of the book of Exodus. In addition, Exodus 12 and 19-20 are used to illustrate the application of each method to specific texts. The book is unique in offering a broad methodological discussion with all illustrations centered on the book of Exodus.

*Exploring the Origins of the Bible (Acadia Studies in Bible and Theology)* Craig A. Evans, Emanuel Tov, 2008-10-01 How did the Bible we have come to be? What do biblical scholars mean when they talk about canon, the Septuagint, the Apocrypha, or the Masoretic Text? All this biblical study is interesting, but does it really matter? Leading international scholars explain that it does. This thought-provoking and cutting-edge collection will help you go deeper in your understanding of the biblical writings, how those writings became canonical Scripture, and why canon matters. Beginning with an explanation of the different versions of the Hebrew Bible, scholars in different areas of expertise explore the complexities and issues related to the Old and New Testament canons, why different Jewish and Christian communities have different collections, and the importance of canon to theology.

The French of Medieval England Thelma S. Fenster, Carolyn P.
