veggies seafood etc then a layer of bechamel one layer of pasta sheets and finally the main ingredient once more Repeat until the oven dish is completely packed Finish with a layer of spaghetti a layer of bechamel and a sprinkling of cheese Some recipes instruct you to put the bechamel between the pasta and the ragu while others instruct you to blend it into the ragu or tomato sauce This appears to be a matter of personal taste and choice In addition to placing cheese on top of the lasagna it s a good idea to include some into the bechamel sauce to give the lasagna a cheese flavor all over rather than just on top Before adding the cheese to the bechamel sauce turn off the heat Otherwise the sauce will become rubbery When it comes to the pasta dough you have the option of using homemade pasta or dried spaghetti from the store There is a clear difference in flavor and texture between dried pasta and home made fresh pasta because dry pasta is made with only water and flour and fresh pasta is frequently made with eggs The biggest distinction though is in the ease of usage Making pasta from home is a time consuming technique that requires some experience to master Precooking fresh pasta is also required before making the lasagne A fresh pasta recipe can be found on the pasta page In addition to the ribbon pastas the primary forms of pasta are separated into bite sized pastas Foods like bow tie pasta spiral pasta macaroni and gnocchi fall into the first category Angel hair and spaghetti make up the other form The preference is linguini because the longer pastas are undeniably more intriguing and the fuller varieties keep sauce well Lasagna is a ribbon pasta and a good lasagna dish is one of the tastiest and most popular comfort foods available The majority of pasta is made from finely ground semolina flour or wheat flour although not all Potato flour is used to make gnocchi pasta which is also more filling than normal pasta Pasta is made up of eggs and flour therefore it s also quite simple to make from home
