Projet de restauration de Notre-Dame de Paris par MM. Lassus et Viollet-Leduc Jean-Baptiste-Antoine Lassus, 1843

Eugène Viollet-le-Duc, Jean-Baptiste Lassus, 2018-03-19

Première Partie Considérations générales sur le système de la Restauration

Monsieur le Ministre En nous chargeant de la rédaction du projet de restauration de la cathédrale de Paris nous ne nous sommes dissimulé ni l'importance de la tâche que vous vouliez bien nous confier ni la gravité des questions et des difficultés que nous aurions résoudre. Dans un semblable travail on ne saurait agir avec trop de prudence et de discrétion et nous le disons les premiers une restauration peut être plus désastreuse pour un monument que les ravages des siècles et les fureurs populaires car le temps et les révolutions détruisent mais n'ajoutent rien. Au contraire une restauration peut en ajoutant de nouvelles formes faire disparaître une foule de vestiges dont la rareté et l'état de vétusté augmentent même l'intérêt.
