Promised Land Love And Hate:

Beyond Superstrings Wim Vegt, The world beyond Superstrings describes a world with dimensions smaller than Planck length 1.616229×10^{-35} m Since 1971 Superstrings within the dimensions of the Planck length have been considered the building elements for elementary particles The question rises What are Superstrings made of What is the building material for Superstrings What are the 10 dimensions This book offers an attempt to find new answers beyond unknown borders To find the new unknown boundaries we have to go back in time Because when we start with the same mathematical equations the same knowledge the same procedures we will always find the same outcome the same answers And soon we will believe that there is only one outcome The only outcome within the Standard Model where we will find the same elementary particles grounded on the same Superstring Theory To escape from the vicious circle in Quantum Mechanics we have to leave the path of well known physics We have to leave behind the founders of Quantum Physics Great scientists like Niels Bohr and Werner Heisenberg We have to leave behind the safe path of well known physics We even have to leave behind the founders of classical physics We have to leave behind a very special scientist like James Clerk Maxwell the founder of Classical Electrodynamics And when we walk all alone in darkness wondering where to go we have to remember the first beginning of the discovery of light How a man half a monk half a scientist like Isaac Newton discovered the first principles of the light when he saw the first secrets of light being revealed When the pure white light was broken through a prism and separated in the colors of the rainbow Isaac Newton was touched by the beauty of the light as well as in his religious way as well as in his scientific way And that is the secret that the world has forgotten Everything will be revealed to us when we step down from our towers of power and kneel humble for the beauty of that what has been given to us Because there is wisdom in beauty There is knowledge in prayer And the most powerful wisdom will be given to us out of love Do not claim wisdom but receive it humble and enjoy the beauty of it There is nothing more non scientific in the world than to claim that we have found the God's particle There is nothing more arrogant in the world than to claim that we have found the theory of everything and that we have framed God into a quantum mechanical box But when we make ourselves humble and kneel for the beauty of the world When we open our heart for the love that is carried by the beauty wisdom will come to us and answers will be given for free Doors will be opened And we will discover the secrets to open the hidden doors to the unknown worlds When we go back in time back to 1672 when Isaac Newton just had discovered the beauty of light showing all its hidden colors And we ask the hidden world showing the beauty of light how can we build a world We will simply find the answers And knowledge will be given to us for free Knowledge beyond Superstrings Knowledge beyond 10 dimensional spaces Because the world is always in balance Newton's second law of motions simply expresses the balance in nature And balance will be our answer To build a world we have to build a world in balance And that is the only knowledge that has been used to build a new theory beyond Superstrings and beyond 10 dimensional spaces The discovery journey to this new theory beyond Superstrings will be lonely

and dark Because there will be no guidance from well known physics Equations have to be reinvented And the road will lead straight through faith and believe through manipulation of truth through political intrigues through the darkness of the world But there is always the hope that at the end of the tunnel of darkness there will be light **The Healing of Windwalker A**

Story of Love, Hate and Redemption Donald L Chadd,2021-03-25 At six years of age the orphaned Windwalker a k a Walker is given to LDS Placement Services by the Navajo Indian tribe to be placed with an adoptive LDS family In the loving and Christ centered environment his foster home provides Walker matures physically mentally and spiritually As the years pass and Walker turns fifteen he and his foster family anxiously await the necessary tribal consent for his adoption to take place During this time Walker has a vision in which he sees himself entrusted with the responsibility of getting an urgent message to his people He is to tell them that they will not become a great nation until they lay down the false traditions of their fathers and take up the true traditions of the ancient ones As Walker prepares mentally and spiritually for his mission and for the long awaited adoption he is unaware of the forces working against him and his family to prevent the adoption When Walker finds out who is responsible he puts together a diabolical plan to get revenge With a hate filled heart and his vision all but forgotten he executes his plan and his life spirals out of control When Walker discovers he is dying he knows he has reached the point of no return He is grief stricken as he realizes that he has failed not only God but his beloved family and his people He is afraid there is no hope for him either in this life or in the next so he goes to live alone on a mesa to pray for forgiveness and to await his impending death Can Walker ever be forgiven for what he has done Will Walker s urgent message to his people ever be delivered Light is the Bridge between God, Relativity and Quantum Physics Wim

Vegt,2018-07-13 The presented theory in this book has been grounded on a fundamental mathematical mistake in the famous George Maxwell s Classical Electromagnetic Field Theory with an Impact on General Relativity Quantum Physics and the boundaries of our Universe In this new theory the old concept in Quantum Physics of a mystic relationship between particles waves and mass will be replaced by a New Unification Theory in which Particles Waves and Mass are the 3 aspects of the same Origin The Origin of this Universe The Origin of this world The Tri Unity in Science A science where the hundred year old Particle Wave duality in quantum physics has been replaced by the Particle Wave Mass Tri Unity A science build on the theories of Newton In the classical Wave Particle duality the mass of an elementary particle has been divided by a De Broglie Wave probability wave material wave which is a solution of the Schr dinger Wave Equation The mass of an electron in a spherical orbit in the Hydrogen Atom is dived by a spherical probability corresponding to the mathematical solution of the wave equation In this new Unification Theory the Particle the Wave and the Mass become the 3 aspects of the same origin A concept in which probability does not exist anymore A new concept in which light electromagnetic waves are the carrier of the tri unity in this material world That light can confines itself and create matter create our world create our universe Light that has the three aspects **Farewell Journey to the Promised Land , The Slow Lane** Sascha

Haselmayer,2023-07-18 Avoid the speed trap Discover how changemakers can find lasting solutions to urgent social problems through a proven 5 step process for listening thoughtfully building broad support and exploring unconventional options Society celebrates leaders who promise fast easy solutions to the world s problems but quick fixes are just mirages that fade leaving us with the same broken systems The truth is effective social change happens through slow intentional actions The author a globally acclaimed social entrepreneur offers a 5 step process for taking the slow lane to change the lane that gets you to the right place faster Listening Listen to build trust which can change hearts and minds and allow for something new to emerge Holding the urgency Accept that even in moments of crisis you can move only at the speed of trust instead of rushing into action Sharing the agency Create an inclusive environment where everyone can lead Healing democracy Build bridges that allow marginalized people to participate Maintaining curiosity Be inspired by nontraditional sources Using dozens of examples prison reform in England urban development in Venezuela healthcare in the Navajo Nation early childhood education in New York and many more The Slow Lane shows how by following the principles taught in this book readers can create lasting change *Land of Promise, Land of Tears* Jerry L. Twedt,2012-01-05 It is 1869 and Ole and Helena Branjord are Norwegian immigrants attempting to make a new life on forty acres of central Iowa farmland Ole is a kind gentle man who questions his ability to provide for his family Helena is pining for a real house but has sadly learned through her past experiences that promises no matter how sincere are never certain But Ole has lofty dreams to prove all the naysayers wrong and double his farmstead The Branjord children each possess talents and challenges Eleven year old Oline loves music Martin is intelligent beyond his eight years Four year old Berent wants to wear pants instead of the dresses Norwegian custom dictates he don every day Populating the Branjords world are other immigrants that include a giant strong man who can make a violin sing a Civil War veteran with disfiguring physical scars and members of the local Lutheran church determined to save their congregation But among all the good is one enemy from Helenas past who wants nothing more than to destroy the Branjords Twedts well researched novel deserves to be awarded a place next to Rolvaag s work on the book shelves of home public and college libraries It is apparent that Twedt has devoted many years to perfecting his craft as a storyteller Brad Steiger

WESTERN CLASSICS COLLECTION: The Promised Land, The Virginian, Lin McLean, Red Man and White, The Jimmyjohn Boss, Napoleon Shave-Tail, Hank's Woman, A Kinsman of Red Cloud, Padre Ignacio and more Owen Wister,2016-07-08 To See the Promised Land Frederick L. Downing,1986 This is a psychohistorical study of Martin Luther King making use of James Fowler s faith development theory and Erik Erikson s conception of the Homo Religiosus Downing argues that previous studies have placed an inordinate emphasis on the intellectual development of King s thought and have failed to give sufficient attention to his early childhood experiences Downing reveals the real rather than the mythic King and attempts to show a clear distinction between the early and the later King between the King calling for reconciliation and the King calling into question the whole structure of American

society ISBN 0 86554 207 4 27 50 Emma Goldman Frank Jacob, 2024-08-05 Emma Goldman's life and work offer countless perspectives for study and analysis As an anarchist activist she always attacked any form of inequality and was a lifelong agent for freedom Goldman who lived a transnational life in her writings and actions offers a kaleidoscopic image of the injustices of her time while they emphasize her hopes and dreams for a better future at the same time The present book which is a collection of essays about this transnational life of an important anarchist consequently offers a glimpse into Goldman's personal and political kaleidoscope It shows how she thought about revolutions in general and the Russian Revolution in particular while it also highlights that even an anarchist had to work according to capitalist rules to survive In addition Goldman's activities to criticize gender norms and her perception as a female radical are elements that are discussed as well The collection thereby offers a critical insight into the many facets of Emma Goldman's life and impact in the late 19th and early 20th centuries *For Better or For Verse* Clayton Moseley, Jet, 1986-01-20 The weekly source of African American political and entertainment news *Ukraine vs. Darkness* Olexander Scherba, 2021-04-30 This book draws on the author's experience from 26 years of Ukrainian diplomatic service in among others Bonn Berlin Washington and Vienna and his work as a speechwriter to most Ukrainian foreign ministers for the last two decades Scherba's captivating essays reflect his views of international affairs from a Ukrainian perspective His deliberations are presented in uncomplicated plain language The articles assembled here have repeatedly caused discussion in Ukraine and abroad By his opponents Scherba is often described as being surprisingly undiplomatic and even provocative For instance his article Why nationalism can't be the national idea of a European Ukraine published on a Ukrainian nationalist website stirred considerable controversy in Ukraine Aside from explaining Kyiv's take on some key issues of international relations these essays provide insights into Ukrainian political thinking since the start of Russia's military aggression in 2014 and into the painful political intramural fights in Ukrainian society ever since **Retrospective Conversion** Brian Schottlaender, 2012-10-12 Retrospective Conversion is an essential guide for library catalogers and technical services managers in the process of converting manual catalog records to machine readable form It clearly illustrates the advantages and disadvantages of the three conversion methods converting in house contracting to a vendor and a combination of the two and covers the areas of cost staff time and record quality for each Catalogers will learn how to make a bigger investment in advance planning to achieve better end results Helpful chapters emphasize the need for planning quality control and authority control in the creation of a complete catalog in a machine readable form Also included are case studies that illustrate specific methods in action and provide a wealth of general usable information This unique reference covers a variety of valuable topics for catalogers involved in converting manual catalog records It includes an in depth bibliography and review of the retrospective conversion literature including over 200 items addressing general considerations special formats and international issues Specific examples of retrospective conversion are analyzed including projects in medium and

large size institutions non serials and serials cataloging music scores and the Library of Congress's conversion of the PREMARC file Specific techniques are explained such as the development of a PC workstation interface to facilitate the conversion process the use of sampling techniques in project cost analysis how to determine what quality standards are needed and at what cost and authority control in both manual and online catalogs **Love is Enough** William Morris,1873

decades of my life were spent in a small country that was nested in a hostile and unstable old region Israel I strongly felt enjoyed and participated in the revival of that country and experienced the uneasy reintegration of the returning descendants of Abraham Issac and Jacob from the four corners of the world I have felt the pain of the less happy residents of that reviving country In particular I have felt the hardship of the Mizrachi Israelis the Jewish returnees and refugees from Arab countries I have wished to live in a world that is not divided by religion ethnicity and skin colour As there is no such world I embraced the second best the remote sparsely populated southern continent that has provided a home to convicts and refugees from the old world I arrived in that continent Australia at almost forty years of age with an already developed strong sensitivity to ethnic based social injustices My tales from my land of origin and from my land of choice record interwoven personal and national memoirs of ethnically based inequalities and injustices I wrote those tales with a hope that they will make a contribution to the moderation of the intensity of such social problems The colour of my tales is brown the typical colour of the skin of the Mizrachi Israelis and the colour of many members of the minority ethnic groups that live in Australia
