Behind the Fence Les Chater,2001 Les Chater was captured early in 1942 when the Japanese invaded Singapore and Java His wife and small son escaped on an American troop ship and did not hear any news of Les for the next 18 months He spent the rest of the war in POW camps in Semplak Java and in Mitsushima and Kanose in Japan His secret daily record in four palm sized booklets was an ongoing challenge and a small defiance Every death and its cause is noted in these diaries Every meal the activities in the camp the personalities of guard and officials are described The Japanese civilians often little better off than the prisoners near the end are portrayed as friendly cheerful and respectful people Although this meticulous detail had no purpose other than as a chronicle the diaries became after the war an accurate and useful account of the treatment of POWs Chater also recorded names and vital information of his fellow POWs reproduced here in lists of American British and Chinese prisoners held in the camps with him in Semplak Java and Mitsushima and Kanose Camps in Japan These diaries were submitted as evidence in the Tokyo War Crimes Trials in 1947 Page 4 of cover

Belligerent Reprisals Frits Kalshoven,2005-06-01 Belligerent Reprisals examines the historical developments in the law and practice relating to recourse to belligerent reprisals as a primitive means of law enforcement in the hands of a party to an armed conflict victim of a violation of the law of war at the hands of its enemy As a legal concept the notion means that the victim in turn violates a rule of the same body of the law of war with the purpose of thus inducing the enemy to terminate its unlawful conduct However the enemy may in its turn denounce the so called reprisal as an unlawful act of war and retaliate against it thus setting in motion the ill famed spiral of negative reciprocity While early lawmakers refrained from taking up the issue prohibitions of reprisals could be achieved in conventions adopted in 1929 and 1949 on the protection of the power of the enemy In contrast reprisals or retaliatory conduct announced under that title without meeting the requisite conditions were common practice in the conduct of hostilities with civilians in non occupied territory as the main victims With major governments disinclined to give up this tool the ban on reprisals against civilian populations ultimately accepted in the Protocols of 1977 Additional to the Geneva Conventions of 1949 could only be hard fought and it remains contested to this day First published in 1971 Belligerent Reprisals has become a classic work on this complex topic The analysis of lawmaking and state practice it contains is as valid today as it was in the late 1970 s and elucidates the dilemmas inherent in the notion of belligerent reprisal as a means of law enforcement that can go terribly wrong
